Fasting is one of the most widely used practices being done by Christians when they want to rekindle their relationship with God or when they want to be more discerning to His will. Being a Christian myself, I loved this book not only because it discussed in detail the spiritual aspect of the Daniel fast, but also the mental, emotional, and physical aspects that come together with the fast. This book is exceptional and the author has earned my admiration because of all the books that I have read on fasting, it is the first time that someone actually provided the readers with real recipes that they can try while they are on the fast. The only problem that I have now is how to consider my fasting a "sacrifice" if all the dishes that I will eat are as delectable as the ones enumerated on this book. Truth be told, I am excited to try the recipes! But then again, as the author has reminded everyone, we must forget the purpose of this sacrifice. At the end of it all, it is the Lord who must be pleased and be glorified throughout the whole process. I recommend this book to all Christians who have chosen to do the Daniel Fast. May you all be blessed as you embark on this journey with the Lord.

I have certainly read a lot of diet books. I've been switching between them whenever I feel like it and this is the first book which made me very curious. Of all things, why Daniel Fast? I guess you have to read the book to find out why the author went for such a title. Anyway, the author talked about the different benefits you can get from doing the diet. Food lists - what's included, excluded, and a must have is also specified. Given that it's a diet book, naturally, there would be recipes. It has quite a selection of recipes from meals to snacks and desserts. It won't hurt if you try the diet. Might work. I recommend!

Absolutely LOVE the Asian Tamari Dressing, was quick, simple, and tasty ! I did not feel that all these recipes were considered to be 'Fast'. However, they were worth making because it was delicious! Some of the recipes took quite a while to prep and cook. Nonetheless, David Richards did a great job making the recipes easy to read and understand. I hope to see more recipes coming out soon! This cookbook definitely rates as one of the top in my shelf :)

This book has been a real eye opener for me. The fast is based on the Book of Daniel and although

the recipes included are all imaginative and delicious, they adhere strictly to the permitted foods. This means that, by using these recipes you can concentrate fully on your relationship with God and not worry that you have included any forbidden items.

As i read this book i must say that it is full of dietary guidelines and a big help to our health. In order to achieve both spiritual and dietary goal this book will surely guide and help us not to be much guilty in taking food while you are on your sacrifice. And i must agree that the book is a great tool in addressing every part of who we are.

Not as comprehensive as I would have liked, but some very interesting recipes!

Physical and spiritual benefits, what more could you want from a diet? This has it all. Being a christian myself, I know the bible talks numerous times about fasting. I know it can be pretty challenging to find meal ideas and things to eat when you're fasting, but this book makes it so much easier. You get to fast without the hassle of finding recipe ideas. It's all here in one book. Looking forward to trying some of these.
