Customer Reviews

Wanderlust Travel Awards 2009 - 2014 "This [DK Eyewitness Travel: Top 10] might be the

best traveling companion to throw in your pack. It's a slim and sleek overview loaded with practical and useful content." Gadling.com "Known for its four-color maps, photos and illustrations, the [DK] Eyewitness Guides are extremely user-friendly for travelers who want their information delivered in a concise, visual way." Chicago Tribune "The best option | Color photos, maps, and diagrams bring the place to life." The Philadelphia Inquirer

About DK Eyewitness Travel Guides: For more than two decades, DK Eyewitness Travel Guides have helped travelers experience the world through the history, art, architecture, and culture of their destinations. Expert travel writers and researchers provide independent editorial advice, recommendations, and reviews. With guidebooks to hundreds of places around the globe available in print and digital formats, DK Eyewitness Travel Guides show travelers how they can discover more.

I purchased the Kindle version of this book and would not recommend this format for traveling - too hard to move between information on various locations, the google maps (which in themselves are very useful), and related photos. I will check out the paper copy of this book and may purchase that before my upcoming trip. The book does cover the whole island, but without a lot of detail about each area. There are lists of restaurants for each area, but it's not clear on what basis they were chosen, and many don't have specific dishes to recommend. A good set of basic Italian words and phrases is at the end of the book, but in this Kindle edition some words are missing in the translations (I speak Italian, so I know), and there is no initial explanation of which syllable in an Italian word is stressed (to be emphasized), and no markings of this in the words and phrases in the list. So... I think either the book needed more editing before publication, or more work in general.

These Top 10 books are the best! I buy them whenever traveling if my destination is available. It is organized in a manner that makes them easy to access, it gives just the right amount of information and 99.5% of the time gets me where I want to go. The top 10 format makes researching and planning a lot easier because the reader does not have to sift through information or waste time on sights or areas that might not be the best or most important to see. This particular book is divided into the major areas, the areas are broken down by the best in each area etc, etc. The book itself is small, easy to fit in a backpack or purse, has good pictures, is succinct, accurate and extremely useful.

For a small book, the coverage was excellent. We traveled through different areas of Sicily and I often referred to this book on the places to see, what not to miss and relevant information that we needed to know, Easy to take alone, great photos and good info.

Excellent source of all things and places in Sicily. Everything you will need to have a great trip there. No other planning book necessary.

This was the perfect book for our five-day jaunt through Sicily. ALL the highlights, in an easy-to-look-up format. It was the only Sicily guide we had (or needed). Highly recommended.

Great way to plan sightseeing in the region. Details and recommendations in clear language and easy to find directions. Take it along to see all you want to see and enjoy your vacation.

This was a great introduction to the many towns/cities we visited during our 11 day trip. I find Eyewitness guides very helpful and easy to use.

Didn't feel it really gave enough information to plan. If I had to choose between what to see and what not, it was hard. Everything seemed the same.
