A Promise Of Protection (Darkness Bites Book 3)

Synopsis

It's been three weeks since James rescued me from the coven, but things still haven't returned to normal. My body shakes and I can't stop thinking about that night. As a welcome distraction, and an effort to get me warm, James takes me on vacation to the Canary Islands. I instantly feel better, my life finally returning to me. That is, until I uncover the truth about some strange disappearances and get myself wrapped up in a dangerous world that I'm most definitely not welcome in. Now, with my life at risk once again, I learn that not everyone is as they seem. And I no longer know who I can trust. *A Promise of Protection* is the third book in Nicole Marie's slow build reverse harem erotic paranormal fantasy series. These books contain explicit scenes and adult language and are intended for mature audiences. Slight trigger warning regarding one scene with forced sexual interaction.

Amazing! This is the 3rd book in this series and it still has the suspense, thrill and romance that kept

me reading all through the night. So looking forward to the pre order of book 4.

Awesome

So this is the book that fully commits me to the series. We are seeing a full plot build and so many plot twist it is so scrumptious. James is staking his claim to Charlie but accepts he might not be the only one she cares for. We also learn a LOT about what happened to Charlie's team. "A Pull of Midnight", readers are asking how is this a Reverse Harem at the end, but wait for it... A huge plot twist that had me in the crowd screaming "A Big Standing O!!! (pun intended)

Omg I loved this book, the story continues where book two left off, Charlie cannot get warm since helping Eirik, worried about her James takes her off on vacation but more drama, excitement and mayhem occurs We get some answers to previous questions but more twists and turns create more new questions. I seriously am addicted to this series and am very eager for the next book, for me this story is a must read

I just can't even with James right now! I'm so mad at him. And Erik, just letting her go like that. Thank goodness he redeemed himself at the end there. And Pete, oh Pete. Lots of action in this one and a tiny small trigger warning of an almost situation. Love the ending on this one and can't wait to see what James has to say for himself.

OHHHH this one has sooo much more suspense and action in it! Still the steamy scenes that we all love, but there's more of a mystery in this one. I see more of Charlie's cops side coming out in this book which I feel gives her more depth than the pity party she was throwing herself in book 1. I also love the affection she has towards Alex in the book. Book 4 can't come soon enough!

This installment was better than the first two. There was finally some actual headway on the plot/mystery. However, I keep hoping the main character will live up to her supposedly strong characterization, but she always manages to fall back on blind fear and hypocrisy in her interactions with friends and naÃƒfÂ vetÃ© and blustering with her enemies.... always waiting for one of her men to save her. I thought this woman was a cop? Not only that, but a cop on a supernatural hit team? I seriously don't see it.

I usually don't comment on typos but there was a lot. It felt a bit rushed. I mean I just feel unsatisfied as compared to the first two. Not that I won't read the next one, because I will.
