I'm so sorry to give this only 3 stars Syn Root. I was expecting something just a tad different than what I read. The plot and story line got a little too tangled up for me. Maybe the next one will be better.

This was a very memorable erotica tale. The plot was great. The character development was

great!The erotica was Grrrrreat.

Book Gifted by the author.theseecretworldofbooklovers.blogspot.The book was definitely a surprise! It was almost midnight and I was just deciding which book was going to keep me up till late at night when I got a gift book from , the title was long and descriptive and the cover was Hot as Hell! so I had to know what it was about.I have to say I had a blast reading it! It's a different type of read and not for everyone but I really enjoyed it!If you want romance and flowers then this is NOT the book for you, but if you have a darker side that sometimes comes out begging for some rough, sinful, uncensored sex scenes then go get this book NOW!Lets talk about the main character, Maya, I loved her from the start! She lives to satisfy her sexual thirst and from the first encounter I knew I would enjoy them all. She didn't hold back anything from us, and experiences each and every sex scene like it was her last. Which might have been the case...I have no problem with dark books, this is indeed one of those, the consent is blurry but trust me, you wont be complaining!It is a fast paced and fun read, I can't wait for the next one.

3.5 stars. So, this book was gifted to me, not my normal read....but here we are. She is an elf that has stolen from the Orc people, whom are somewhat barbaric. She gets caught by one of them and indulges in some very, very naughty behavior. She channels some type of sexual magic that she didn't know she had. His people are not happy about this and take her back to their leader. This is the part that I kept waiting for the damn book to card me or something....you know because I wasn't old enough to read it's naughtiness, lol.Overall the writing is good, but that title *shakes head*, not really sure that would have been my first pick....or maybe it's the sub-titles that I didn't love. I really do like Syn Root's writing style in this book and I really liked the pnr aspect, maybe not quite my thing, but I think other people will love it.

Once you get past the crazy title, this is a really well written paranormal erotica story. Maya is an elven princess with powers but what she learns as the story unfolds is that she truly doesn't understand the extent of her powers. As she is captured by the Orcs and forced into some intense and erotic sexual encounters, her powers start to reveal themselves. When she gets connected with another prisoner, she is able to channel her powers with his help. I truly didn't know what to expect from this story, I was gifted a copy and decided to dive in. I ended up really enjoying the story with the mythology incorporated along with the well-crafted erotic encounters.

This was a very short and straight-to-the-point fantasy story. An Elven maiden finds herself in a unique situation after stealing an artifact. When she wakes up from her post-orgasmic induced blackout with the orc, she discovers that she is bound to a post. She is buzzing with energy. She has now been dubbed as a "witch-slut". She has now been considered a weapon to the Orc King. If you like short, over the top HOT fantasy, then you will like this. I voluntarily reviewed this ARC.

Wow a super steamy fast paced story, if you love an erotic paranormal theme with extremely hot stories then look no further, beware it can wet many panties. Maya our heroine lives her adventure at her fullest in this "high temperature" rainforest, page after page the intensity is growing and she discovers all kinds of pleasure. As I said if you are into this kind of theme, you are most certainly going to love it, I'm looking forward to reading more from the author!

This is a hardcore erotica with a fantasy setting, which give the author the kind of leeway he needs to accomplish the all out huge size orgy in this. Descriptive enough without being ugly or vulgar, I think Maya is a fun character with lots of potential.
