Customer Reviews

This journal is just okay. With such a fun colorful cover, I assumed that there would be some color or personality on the inside as well. This, however, is simply a generic black and white travel journal geared for kids 5-8-years-old. You could add a sticker to the part of the cover that says, "New Zealand" and it could be used for any trip--domestic or foreign. There is nothing whatsoever that gives it a New Zealand flair and nothing whatsoever that makes it engaging in the slightest. If you're searching for a formatted way for a young child to keep a generic record of a trip, it will suit the purpose, but if you're looking for something fun or engaging, keep looking.
