The Dragon Soul (Vagrant Souls Book 2)

Synopsis

An enchanted relic thought lost for centuries is discovered. Only a dragon-riding priestess and a skinwalker can stop it from falling into the wrong hands. With wards of protection, Fryda flees Indham in search of Alfric. The only problem is that he is a skinwalker capable of tearing her limb from limb. And outside the safety of Indham's walls, she's just one woman against a tide of skinwalkers. Following a dangerous path, Fryda travel west, to a treasure-filled dragon hold, the forest stronghold of the realm's most powerful sorcerer, and a mountain city where a deadly witch queen awaits. Through it all, the mysterious relic known as the dragon soul draws Fryda and Alfric closer together. But finding each other could mean an ancient conquerer's return to power. And that would signal the enslavement not only of their world but all those beyond it. If you love the fast-paced style of Brent Weeks, and the secret histories hidden in Brandon Sanderson's Mistborn, you'll love The Dragon Soul. The Dragon Soul continues the character drama and reveals more about the unique world introduced in The Shattered Orb. Start reading Book 2 in the Vagrant Souls series with just one click!

Customer Reviews

I rate this book 5 stars because even if your not happy about it, this story is going to draw you in and keep a grip on you til you get to the end, but then it's still not going to let you go, it's going to leave you anxious to find out what's going to happen next and cursing Samuel green because you have to wait to find out! I found myself so caught up in this story that I was catching myself yelling at the characters and had to stop on several occasions so I could get myself back to reality before continuing with this latest installment of the saga and continue as the characters move from one predicament to the next in this danger filled and tension causing episode of the vagrant souls series. I recommend this book along with it's predecessor "The Shattered Orb" to anyone looking for a fast paced nerve gripping danger filled series fraught with gods, magic, and mortals trying to fight and stay alive as events beyond their control threaten to overtake them at a furious pace that you get to see through the perception of several different main players of this story. so stop reading reviews and read this book(after you go back and get the shattered orb first if you haven't already!) and hold on for the ride! I received an advanced copy of this book for my honest opinion, and honestly i'm fortunate to have had that opportunity, this was a great book in a great series! go get a copy of your own, you won't regret it!

This world is divided, much like our own, by those that follow various religious beliefs, based on Gods who have been imprisoned into orbs and whilst so, the areas thrive and are protected but when these orbs are destroyed, so are tje peace within the regions. Men are overcome by wraiths, spirits that change the human body into that of a beast. Basically, the story is to try and prevent the take over by these beasts. Then new players enter the picture I, each with their own own madman's idea of Ethiopia. Although a bit blood thirsty I, the struggle of those trying to fight for what they believe is right, draws you in and you want to know how it all ends. Unfortunately, we will have to wait for the third book to find the true outcome. I have voluntarily submitted this review after reading an advanced copy of this book

Fryda refuses to give up her search for her love, Alfric, even though she knows he is a skinwalker. But Edoma has told her he lives and is different from most skinwalkers that he maintains awareness and a presence inside the monster, so there is hope. Alfric slowly learns of his special Talents, after he has lost the pendant, and the reason he still has humanity during the

daylight. It seems he is on a critical quest. Meanwhile, Fryda finds the pendant and then learns of its amazing value. She too sets out on a perilous quest. Their home has been nearly destroyed by someone claiming to bring justice. Mr. Green has constructed a deeper version of his world and draws the reader rapidly within it. The only way out is through it, so brace yourself!

I received this book as an ARC and give this review freely. Wow, what a great story with adventure/mystery, intrigue, deceit, love, action and fantasy and magic included. I must recommend you read the shattered orb first as this follows straight on from it and you'd have no idea of what was going on without reading the first book first. Great plot, well written characters and can't wait for the next installment!

Gods, Magic and Mortals, who could ask for more. Intriguing story that leaves you hungry for more. I requested and received an ARC and voluntarily decided to review with my own honest opinions.

The Dragon Soul satisfied my craving for a great dragon/ fantasy read. A perfect addition to Vagrant Souls series. Love it.

At the beginning of the series it took a little to get into because it felt as if you started on the middle of something. It is well worth reading on, the characters are people you come to know well. I would compare the character depth to lots of rings.
