## Customer Reviews

This book is logical, concise, and enjoyable to read. Punchy's style is so casually informative that it feels more like a conversation than a "how to" book. I really enjoyed the sections on assessing a skater and delivering constructive feedback. Developing a stockpile of skill specific goal plans seems like it would be extremely helpful. Thanks again, Punchy!

I like that it's right to the point and is exactly what I was looking for. It's a must read if you are part of a training committee.

My team is revamping our training program and have utilized Many of Punchy's books. Next step is bringing Punchy to Louisiana.

I wish more, but it is a good purchase for the money, i'm willing to buy the other books soon
