The Sixteenth Round: From Number 1 Contender To Number 45472

Synopsis

Rubin "Hurricane" Carter was riding a wave of success. The survivor of a difficult youth, he rose to become a top contender for the middleweight boxing crown. But his career crashed to a halt on May 26, 1967, when he and another man were found guilty of the murder of three white people and sentenced to three consecutive life terms. Written from prison and first published in 1974, *The Sixteenth Round* chronicles Hurricane's journey from the ring to solitary confinement. The book was his cry for help to the public, an attempt to set the record straight and force a new trial. Bob Dylan wrote his classic anthem "Hurricane" about his struggle, and Muhammad Ali and thousands of others took up his cause. The power of Carter's voice, as well as his ironic humor, makes this an eloquent, soul-stirring account of a remarkable life.

"A document of life lived in the center of hell." [Sports Illustrated](#) "When they come to list the greatest boxers, Hurricane's name isn't likely to pop up in the Top 10. But when they come to list the greatest figures of the 20th century, he'll be alone at the peak." [Boston Globe](#) "A shocking, savage and brilliant indictment of racial injustice and the inhumanity of the prison." [Globe and Mail](#) "Carter's scorching and poetic autobiography." [Toronto Sun](#)

Rubin "Hurricane" Carter was released from prison in 1988. Former chair and CEO of Canada's Association in Defence of the Wrongly Convicted and, since 2005, CEO of Innocence International,

Dr. Carter is the author of *Eye of the Hurricane: My Path from Darkness to Freedom*. His life has been the subject of three books and a major motion picture, *The Hurricane*, starring Denzel Washington. The recipient of honorary doctor of law degrees from Griffith University, Australia, and York University, Toronto.

I actually stumbled across this by accident and I must say it was an amazing read.

Great read, well written, could not put it down.

Great book

Enjoyed this book every much, but was totally saddened by his anger and hate toward "the system", authority, and his family. Early in the book he remarks how his family was never short of food, housing, love between family members, but that his father was very strong-willed, and did use a belt, etc. But then who's parents didn't at that time; it was normal parenting techniques. He also said that he had numerous brothers and sister, many of who obtained advanced degrees, yet he was the only one who became a harden criminal. He leads you to believe he was completely a creature of his tough, criminal environment, but yet he then states how he really loved to fight, to cause pain, to enforce his will on others. Yes, his incarceration for murder is a complete misapplication of justice, and his anger is expected and worthy, (luckly he was later able to get his verdict overturned. But he fails in his mind that where he finally ended up was because of his own poor decisions; his failure to obey rules and orders, and his complete unwillingness to have anyone tell him what to do. I enjoyed the book very much, but found myself feeling very sorry for the man, and yet at the same time being very angry at him because throughout the book fails to realize because of his poor choices and actions, he was his own worst enemy.

Very absorbing autobiography...be advised, though, that the book ends with the author still in prison and does not chronicle his eventual release. Definitely worth reading if your interested in the Hurricane 's life.

Great somber reading. Awesome American boxer who suffered through the HELL of our penal system. I hope it has changed, your children are watching.

This book has been brilliantly written to make the reader have an insight into life in prison and the unjust racist judicial system that was prevalent at the time.

I enjoyed this book very much. Donated it to my local library after I read it and they lost it. Possibly a patron never returned it and I am sorry I didn't keep it as it is out of print now.
