Commentaries On The Vedas, The Upanishads And The Bhagavad Gita

Synopsis

This book brings together in one volume Sri Chinmoy's commentaries on the Vedas, the Upanishads and the Bhagavad Gita, three ancient Indian scriptures which are the foundations of the Hindu spiritual tradition. His approach is clear and practical and at the same time profound and richly poetic. In a style unmistakably his own, Sri Chinmoy establishes direct and personal contact with the reader, who joins him on a journey through the wisdom of these celebrated classics. This book is both an excellent introduction for readers who are coming to the subject for the first time, and a series of illuminating meditations for those who know it well. Only Sri Chinmoy could have written this book. On the strength of his own inner realisation, he is able to enter into these ancient Indian treasure houses of spirituality, and also into the needs and aspirations of seekers of today. He achieves the communication to our present lives of truths first taught thousands of years ago, so that they can be understood, appreciated and used. He is fresh and powerful in expression, but also lyrical and soulful as only a spiritual Master who is also a poet can be.

Customer Reviews

Very interesting explanations of the Vedas, Upanishads and Bhagavad Gita. Analogies with English literature are given. I think this makes it more understandable to the Westerner.

This has become my primer for understanding the roots of religion and the search for God. On my side is tattooed one of the great mantras explained in the wonderful book. It has become a light in darkness of my soul's abode. Thank you Sri Chinmoy, Masterji.

Chinmoy is one of the best.

This book is different from most commentaries on the three central texts of Indian philosophy. The main difference is that Sri Chinmoy is primarily a spiritual master rather than a scholar. Although he studied these texts in detail, he brings a personal insight to his comments that mere study alone cannot achieve. To read 'The Three Branches of India's Life-Tree' is to drink from the same river as the ancient sages.

Enlightening commentary on all 3 ancient Indian scriptures (Vedas, Upanishads, and the Bhagavad Gita) in one book. Sri Chinmoy transcends mere commentary by providing us with spiritual illumination on the inner meaning of these important works. Sri Chinmoy is a fully realised spiritual master (who conducts meditation for the United Nations), and his very words provide us with direct spiritual inspiration/enlightenment.

not a line-by-line interpretation, more like personal thoughts and comments. like the other book "The Essence of the Bhagavad Gita" by Paramhansa Yogananda much much better.

The story and meaning of the Sacred Tree is related well in this book. The social and religious meanings, as well as symbols, are expounded on. This is a good book for grades 10, 11, & 12.
