## Synopsis

Amber is heartbroken. Supposedly because of a pact made between three ninth century Viking brothers and Mt. Galdhærfjall, her sisters have vanished into the distant past. Struggling with grief, she leans on her part-time fling Sean until even he is torn away. Or so it seems. Of dragon blood and brother to the king, Kol Sigdir Æthe lucky has been determined to avoid his fate since the moment he promised himself, sight unseen, to a woman from the future. He adores all women and it's no easy thing knowing he has to eventually pledge his heart to just one until he meets Amber. A spirited artist and musician, she captivates him. When she offers him a soul-deep glimpse at what was missing from his life, he soon wonders how he will ever be able to let her go. As Kol and Amber grow closer, they face multiple threats. Eager for revenge, King Alrek declares war. To make matters worse, he has an ally nobody could have anticipated. One determined to see everything come to an end. Hearts struggle, rip apart, and then are rebuilt when the laws of time are tossed aside. A thousand years means nothing when two star-crossed souls are meant to connect. Even so, will the strength of love be enough to withstand a powerful enemy and bridge a gap across time already closed? ## Customer Reviews

This is the last of a series of three. I recently found this series and had the privilege of reading them back to back. I have to admit that I lost a great deal of sleep getting through them all but I just could not stop reading them. They have it all! Hot men and sex and love and adventure and intrigue and magic are just some of the things brought into this series. The ladies all have different issues to be resolved as well as the men. Three brothers meant for three sisters, all with their unique story brought together in the past. Viking brothers that are dragons and the last of their kind but held as men unable to release their dragons until their pact with the seers, also sisters, is fulfilled. The Viking thing got me started on this adventure and now I am impatient to go back to the beginning of the story and find out how it all got started. I love this author so much I can wait to read everything she has out there until she puts together the next series in this long story. Ladies these books have it all and I strongly recommend this author for any with a romantic heart and a love for fantasy.

I received a beta copy of this book and purchased the published version! I loved this series and couldn't wait for the final book to see how it was going to end and once again I wasn't disappointed! Kol and Amber have a smoking hot relationship just like you would expect after reading about them in the first two books. I enjoyed watching these two free spirited commitment phobic people find their way to true love. All of my questions were answered, I loved the twist and turns the story took as we discovered who Sean was and what the connection was between him and the rest of the characters. Secrets were revealed and old friends came back to help out once again in a time of crisis. I laughed and cried as usual! I really loved the scenes involving young dragons learning to embrace their heritage. I can't wait until next year when we go back and visit the Vikings again. For now I'm anxiously awaiting the chance to spend more time with the MacLomains and my favorite Scottsman!

I enjoy all of the MacLomain series books including this Viking series. This is the third book of the series and is heartwarming as the two prior books were. If you enjoy strong female characters who can be vulnerable at times with the men they love and strong, yet prideful male characters that have vulnerabilities themselves, then this is the book for you. If you are fond of shapeshifting dragons,

this book will take you on a wild ride.

Love this series! Keeps me about to go nuts waiting for what comes next! That's when you know you're reading one heck of a good book & series! Sky NEVER disappoints!!!!!!
