Customer Reviews

As an active Enrolled Agent having to routinely deal with the complexities of our tax code, I'm always on the lookout for helpful reference materials and I found exactly that with this book. Not only is it a great reference book but it's also an easy-to-follow guide suitable for anyone trying to prepare a tax return, as or for a non U.S. citizen. I highly recommend this book as a comprehensive source with easy-to-follow steps AND on a not-so-easy subject matter. Thankfully, the author has hit one out of the park with this one. Buy it! practicle, concrete book very useful

Very informative and easy to understand - wish I could purchase as a hard copy. A must have for tax preparers, preparing 1040NR's.

Marcela is a tax genius and takes the stress out of taxes. When you are from another country taxes in the US are intimidating and complex. Marcela uses clear language and makes taxes understandable. If you are new to taxes this is a very helpful guide. Marcela was kind enough to answer my questions too. Don't think twice about buying her book. She knows her specialty.
