Customer Reviews

Alexandra and Dylan are dynamite together! This author does a phenomenal job with intertwining mystery, romance, and the paranormal. I loved all of the different psychic abilities introduced further

in Alexandra, and other characters in this book. I enjoyed the first book in this series, but I enjoyed this one even more. These books can be read as stand-alone but I recommend to keep reading the expansion of this world Angela Campbell has created. I look forward to more of her books in this series.

So excellent of a story. Love Alexandra and her ghost protectors. Love all the characters in this series, but love that this story was focused on Alexandra's character and her gift and other characters in the series were there on the sidelines moving in when necessary. I am looking forward to the next book in the series. I really hope more books in this series will follow! Thank you Angela for this series. Very well written!

This is the second book in the series and it was every bit as good as the first one. It has everything in it that I require in a good book, strong characters, a good romance and a great mystery. The paranormal aspect is just an amazing plus. Now I'm on to book 3. I sure hope these keep coming for a long time.

This was a better book than the first one. I agree with other reviews that it would have been great to have a little more of the animals as well as Zach but overall it was worth the money. I am on to the next book. Hope it is as good as this one. I will be adding this series to my read again list.

Yikes, scary stuff here, but lovable characters. I like a good ghost story and a good romance. Again, a well written book in this second of the series. Dylan is a strong character, and sexy too. Alexandra is brave, feisty, but still vulnerable. Recommend highly.

Glad I found this author and her stories about psychics. Found these stories to be very entertaining and addictive. The psychic phenomena is very intriguing. Once you start you definitely will become a fan.

This is the second book in the Psychic Detectives series. While I thoroughly enjoyed book 1, On the Scent, this second outing is even better. This time around Zach Collin's partner, Alexandra King, heads down to Charleston, SC to find Zach's estranged brother Dylan. When she does track him down sparks fly in every direction. The two find themselves bound together to track down & stop an evil entity before it can kill it's next victim. The sex was steamy & the evil was scary without being

too dark. There was quite a bit of flirty banter & humorous interludes, especially between Alexandra & George, to balance out the story quite nicely. This is definitely a paranormal mystery not to miss!

Ms. Campbell has a way to make you want to be involved with the supernatural. I liked how she introduced demons into the book. Lots of smiles.
