Zan and Neala are a match made in heaven. Tasha needs to get a clue, when does being a baby mother make you a girlfriend. All Zan does is have sex with you, he don't spend time with you.

Simon needs to let Asta go and be with who his parents wants him to be with. Asta should've just left and not said anything to Simon. Rondo is so stupid he should've told Char who he did from the beginning instead of letting her find out when she did. Keep up the great work.

Another great read by Nikki. I love the guys in this book and the relationships they are developing with the young women. Zan is something else. I hope Asta is okay. I'm getting ready to read part 2.

Excellent read, I fallen in love with the Caroline Kings. Please don't make us wait too long for part 2. Trust me readers you'll feel the same.

Wow... This book was good... It started off nice and slow but it definitely slowly started building up... By the end of this book I could not put this book down and I was all in... It has me wanting more... I love Asta and her sister Neala... These two women are strong and very independent... Now although Asta is in a relationship with Simon it just feels like they are just going through the motion and neither one knows how to just let go... Simons parents can't stand Asta and think she is just some hood girl... Also Simon hates that Asta is all about trying to make it as a DJ... He looks down on her for that... Why because he is in real estate.. It's okay... She has her sister Neala in her corner to help push her and motivate her... Now Neala this girl right here is wild.. Now I don't mean as in sleeping around I just mean she has a mouth on her and she don't take no mess... Now once Neala meets Zan and Asta meets Ky.. This is where the roller-coaster of the story began... Zan and Neala make me laugh with the way they talk to each other... With Aster... She has Simon and she is faithful but Ky is making it very difficult for her... Mind you she is dealing with Simon and he does not treat her as he should and he does not support her and her career choice... So with that he is leaving the door open for Ky to step in and take his place... As I continued to read this story it just continued to build... Let's just say that secrets began to come out and relationships get rocked... I

can't wait to check out part 2...

Where do I start, this book was so good. I don't think Nikki Brown rides motorcycles or DJs but the details in this book are so on point you would think she lives that life. Zan is bae with his unstable creature of a baby mama, she worked my nerves the whole book but he didn't too much help the situation either. My heart connected and broke for Char the one thing she wanted she couldn't have and to find out her husband could possibly be getting it somewhere else hurt me. Little Ms. Thotiana was ruining everyones life I swear. Ole Simon was a whole b***h out here, I swear he was irritating my soul. I hope his little women beater self gets a good lesson in book two.

The drama, secrets, and betrayal in this book is real. But the love brewing is going to be the easiest. Zan is so brutally honest that I think Neala is the only one to handle him. Asta and Ky are going to make a great couple. Rondo and Char have been through a lot I hope they can get through this. Nolan and Simon some punks frfr. I hope they get what they deserve. Again another great read Nikki.

Hands down Simon is bitch made. If he would've focused more on his happiness than what his parents said or thought then he'd be doing much better. He's weak for sure and I hope Ky gets there for Asta soon enough. Asta and Neala truly had a passion for their careers and that's what I admired the most. Zan was too disrespectful but at the same time I respected his honesty. He should've taken heed to everyone's warning about Tasha though. Ky didn't play and the way he handled Noble proved that. Man Rondo! He had to learn the hard way it's easier to deal with the truth when it doesn't come from someone else. Lies only complicate things further. Hopefully they'll find out the truth about what Nobel and Ryan have going on. Also, Ky will put Simon in his place and get his girl, as well as Zan and Neala building something more. I feel like there were still things missing and few times things seemed repetitive at times.

Sister girl you really did your thing, your pen game is wicked and just get's better and better. I really cannot pick one of your books as my favorite because they are all my favorite. Your book capture one mind and reels them in and just tell them to unbelievable places, they are like stress relievers for the mind. A good book aways will have you in your feelings and you author do that all the time, great job. Please don't keep us waiting long for the next part.
