Alec: A Scottish Outlaw (Highland Outlaws Book 4)

Synopsis

Alec is a full-length, standalone novel. It can be read on its own or as part of the Highland Outlaws Series. Two broken hearts unite, becoming one love that will last forever. Sold from one ruthless master to another, Joanie is a servant who has lived her whole life in fear. When Randolph Tweed, an English merchant with cold, unfeeling eyes, buys her, she fears she has fallen into the hands of her cruelest master yet. But what she doesn't realize is that Randolph is actually Alec MacVie, Scottish spy and rebel. The first time Alec sees Joanie is in his dreams. He has a vision of a young woman standing on a bridge alone, bleeding, and broken hearted. He must rescue her, and when he does he soon realizes she holds the power to rescue him right back. Join Alec and Joanie on a journey of healing, passion, and hope, where their love and strength forge a new destiny for themselves and for Scotland.

Customer Reviews

What an amazing read. Through every one of these books in this series I'd end with, this one is my favorite. I could hardly wait for this one when it centered around the quiet, lonesome Alec, who was

a seer. This author had an amazing way of getting into his head allowing the reader to see and feel his thoughts. For a man of few words, one would think it would be difficult to create dialog, not Lily. I think only one with a true kind heart could write something so beautifully. There was a paragraph where Alec described the feeling of grief that touched me so deeply, it left me with a whole new outlook on losing someone you loved. What an amazing gift she has. For this story, imagine two people with tormented pasts coming together....healing and coming to love one another like a long drum roll before a tune. It was perfectly written in my opinion and this will be one story I'll remember for a long time to come. Do not hesitate, I give my highest recommendation for this book and cannot wait for her next book.

My favorite of the series is Rory, then Alex, Jack and Quinn. I am disappointed that it states this is book 4 of a 4 book series. Please Ms Baldwin, what about Rose and Ian? The beginning as I stated in my subject line was slow for me. It did set up the relationship between our h and her friend, but lasted too long. I thought our H would never interact with our h, but ever so slowly they make a connection and it was a great story from then on. Their romance builds slowly, we get some surprises and the ending has a touch of supernatural. Our H is a seer and we know this from the previous novels in the series. But, as the author states, this is a stand alone story. The other brothers and wives make a very small appearance, and you will not be lost if you start with this one. Just a few times I felt the language wasn't for the time period. It surprised me that WOW was used once. There is very mild lovemaking, we get HEA and everything is wrapped up nicely, except I feel I want to know about the other two siblings. So keep writing this series Lily!!! I am not going into the blurb, just what you may discover if you read this. I also, recommend this author's trilogy called Isle of Mull. (ljb)

I have read at least eight books written by Baldwin. I love to escape to the magic and the fairy dust of her imagination. I love her sensual scenes that are always written with a hit of vagueness yet maintains a touch of class. I LOVED how she addressed grief. She wrote, "Once grief enters someone's soul it is there forever." In most every book I have read, and there are MANY, the hero promises to provide 'forever protection'. Then some terrible battle or kidnapping happens. There was a battle after the promise but the heroine was mostly safe. Ms. Baldwin you continue to entertain my imagination and in a way what you write continues to heal me in my journey of grief. I don't understand people who write book summaries for reviews. But I won't stop because I love Baldwin's work. Now...what about Rose and Ian?

I have read all of Lily Baldwin outlaw series books and loved everyone! However the best one has to be Alec's story! Through the other books you get enough glimpses of Alec and his torment. He is a seer and is bombarded with others feelings and what they have done. He comes off as cold and unfeeling, but we find out it is a coping mechanism. When he finds the one person that soothe him he is unsure. To get the whole story of the family it should be read in order however each one can be email read as a stand alone! If you only read one of Lily's books, get this one, you will NOT be disappointed!

I read all the books in this series and loved them all but this one was my favored. The story of Alec and Joanie, 2 tormented people to come together and heal each other through their love for each other, was truly an amazing and heartwarming story. Lily Baldwin is an amazing writer to fill ones imagination with magic and fantasy. Her love scenes are always written with class and leave enough to ones imagination. As I have read all her books, she is one of my favored Authors, I am looking forward to new stories by her.

When I see Lily's name for the author I absolutely pre-order! I have never been disappointed and love the stories she weaves. Her characters are always a great and never carbon copies from previous books. Alex was the one brother that I understood the least bit a perfect for for Joanie. Both dealt with hurt and pain in their life but stood strong. And Lily has given us the gift of new people to live and look forward to. And-*spoiler*- she gives us an angel too. Thank you for a deep, wonderful tale.

This is a must read...I know myself in books 1-3 I saw Alec as a very dark bitter man but after reading his story you come to understand how deeply emotional and hurt Alec really is....and how you'll be wanting so badly for Alec for to find love and be healed....by the end of the book you will be in love with our dark tortured hero and understand that he wasn't cold hearted in the previous books just if pain....

WOW, OH WOW I've been waiting for a while for Alec's story since he has been a favorite of mine through the other books. I've loved every one, and love the audio James did of Jack, so I hope Alec gains a voice soon too. Lily Baldwin does not disappoint, she only gets better and better! So whose story is gonna be next? I C ain't wait!!! Do NOT miss this great read!
