Customer Reviews

A series that keeps getting better with each installment, *The Rebel Apprentice* is a gripping novel about choice and sacrifice. I have said it before and I will say it again, Haskell is a talented storyteller whose novels want for nothing. If you enjoy Tamora Pierce's works or Marie V. Snyder's works, then *Sanyare* should be on your TBR list. *Sanyare* has everything: a strong female lead that is far from a Mary Sue, a colorful cast to aid (or not) her in her journey, a fantastical world created and described expertly by the writer, and gripping storyline filled with enough twists and suspense that will keep you reading until the end. It is multigenre journey that was impossible to put down. You want fantasy? There is fantasy. What about action? You better believe it! Not to mention the touch of romance. Feeling some intrigue? You won't be disappointed. I genuinely cannot recommend this series enough. It is everything I wanted from a novel and then some. I look forward to reading more from Haskell.

Rie and Daenor escape from the fae realm with the traitor and allies in tow. A cross country race to reach the portal in Florida has them dodging assassins at every turn. As the *Sanyare* apprentice, she will use all her abilities and skill to bring the truth to the tribunal. But Othin wants to rule all the 9 realms, and he wants Rie dead. Greg lies comatose and healing from a knife wound. Rie struggles to save those she loves and stop the war. A terrible choice will have to be exacted to win. Betrayal, deaths, magic, WAR of epic proportions. Great story.

The story and characters just keep getting better. I very much enjoyed where she took this one and the mix of action and intrigue. This book starts off strong, right where the last one left off and builds from there into political intrigue, deception, danger, titanic upheaval, betrayal, and love... to name a few. If you have not read this series, pick up the first book and start today! You might not get anything else done once you start, but I promise you a good read in this series.

I pre-ordered Megan Haskell's third book in the *Sanyare* series, and thoroughly enjoyed it! From a lowly human to the heir of *Sanyare*, Rie has an uphill battle in her hands to save her loved ones, the nine realms, and herself. Excellent detail, great read. This is a superb continuation in a whirlwind

series, and I highly recommend it!

This was a, fast moving book. It certainly held my attention and the . More I read the faster I read. I loved it. Me. Haskell is definitely a good writer in my book. I would never hesitate to recommend any of her books. You will definitely it want to put it down till it is finished. Enjoy!

It just keeps getting better. Rie now must train to be the heir, but she can tell when anyone is telling the truth or not. She feels she must right the wrongs of those who are out for themselves or for revenge. She takes on the Kings and Queens of the different realms to save her love from their pettiness.

This book continues where books 1 and 2 end off, with the action starting straight from the start. I am not one who gives away spoilers (why would I spoil your enjoyment) and give you any parts I enjoyed; but, the characters do go on another journey that they did not expect.

I have read all three of this trilogy and they are awesome. Rie is kick ass and learns what she needs when she needs it. All of her companions are great ,love Daenor. Is there going to be another book ? Would love it.
