Spoiled

YOU SAY **SPOILED**
LIKE IT'S A BAD THING.

"Spoiled is awesome."
— MINDY KALING

Synopsis

You say Spoiled like it's a bad thing. Sixteen-year-old Molly Dix has just discovered that her biological father is Brick Berlin, world-famous movie star and red-carpet regular. Intrigued (and a little) terrified by her Hollywood lineage, Molly moves to Los Angeles and plunges headfirst into the deep of Beverly Hills celebrity life. Just as Molly thinks her life couldn't get any stranger, she meets Brooke Berlin, her gorgeous, spoiled half sister, who welcomes Molly to la-la land with a smothering dose "sisterly love"...but in this town, nothing is ever what it seems. Set against a world of Redbull-fuelled stylists, tiny tanned girls, popped-collar guys, and Blackberry-wielding publicists, Spoiled is a sparkling debut from the writers behind the viciously funny celebrity blog GoFugYourself.com.

Customer Reviews

I've been reading the authors' fashion blog ([...]) since it began 7 years ago, so was ridiculously excited to have this book arrive in the mail. It's pretty fun YA fare with lots of great celebrity/fashion references. I am actually hoping there is a sequel since I think this could make a really fun series. I

appreciated that the characters acted like teens although they also grew as individuals. I read this by the pool on a wedding weekend trip and it was the perfect accompaniment to sunblock and white wine!

Such a fun beach read. The Fug Girls have written a wonderfully soapy, fun story. I definitely recommend to anyone looking for a little escape this summer.

A thoroughly enjoyable Hollywood romp. I'm a fan of the Fug Girls (authors) and this novel delivers on the entertainment. Don't think of it as food for thought, it's more like 'chewing gum for the eyes'. Great weekend/beach reading.

I really enjoyed this novel by the "Go Fug Yourself" ladies. As an avid reader of their blog this book didn't disappoint! The same witty words and thoughts can be found through out. (My only disappointment was when I finished the book and couldn't carry on reading!) This book isn't the kind of novel that will change lives or make it to the "classics" section at your local book shop but it is a great bit of fun and I recommend highly to all with a sense of humour, fashion and fun.

i really loved this book and i hope that they come out with a spoiled two . in this story molly dix is a ordinary girl from illinois until she finds out her dad is world famous super star brick berlin. when mollys mother dies she moves out with her father and meets her new half sister brooke , but from the get go molly can tell brooke is being fake. that is all that i am going to say in this review. if you want to know more buy the book!

If you are looking for a delish little nugget of a book to kick off your summer, I highly recommend Spoiled. I've been a fan of the Fug Girls for quite a while and this book is clearly their sassy little love child! I was constantly laughing and throughly enjoyed sitting outside with a wine glass in hand and devouring this book every afternoon after work. Start to finish, it was fun, funny and Smart. Love! Can't wait for the next one.

Love the gofugyourself website so decided to read their debut novel as well. LOVED it for what it is; very light reading with lots of humorous snark. This is not Anna Karenina; it is just fun. Perfect for a commute or a lazy Saturday or a beach read. The true test of a good book, even light fiction like this - I have re-read it too many times to count!

At first when I started this book and after the first few chapters or so I was BORED. I really wanted to switch to another book because I thought this would be makeup related. The book picked up right after that though and I am very glad I read it. I'm buying Messy next!!
