Diary Of A Minecraft Steve 1: The Amazing Minecraft World Told By A Hero Minecraft Steve

Synopsis

All Steve wants is to lead a simple life, away from troublesome neighbours and the monsters that come out at night and cause havoc. He thought he'd put his adventuring days behind him, but instead, thanks to a random encounter in a nearby village, he gets roped into a daring plan to save the inhabitants from a new and never before seen threat. Despite Steve's reluctance to get involved in someone else's fight, he teams up with a new group of friends from his new home, they set off to put a stop to the menace once and for all. Can they save the village and become great adventurers once again?

A story with lore and a touch of minecraft. This is a good read for the kids, they really loved on how the Steve's adventure was set up. It would be more colorful if there were more colorful pictures in the book. Just a short read; however, this will help the kids to practice their reading and the book having set up in the world of minecraft, is the best add-on. My kids are so excited for me to download the next book. Thanks to the author for a very colorful story.

This book is worth the time reading and there was never a dull moment in every phase of events. I am not used to playing Minecraft but this book totally opened me into a world of fun, adventure, and a bit of suspense that exposed a young mind like Steve to thrive in all his challenging situations. I recommend this book not just to Minecrafters but also to parents who want to read a fun and creative bedtime story to their kids. This will absolutely bring great delight to them before they go to

bed. Kudos to the author of this book!

This was a delightful book to read. The kids also love these books. The thing that is so wonderful is that the stories are fun and exciting at the same time. The best part is that everything happens in the Minecraft world which I can relate with. I already love Minecraft and the creativity that this game releases in me and my kids. Though, I had no idea how much fun I would have with the stories from this book in the diary. It was delightful hearing from my favorite person in the Minecraft world!

This is a great book to either read to young children or for them to read to themselves. It is also convenient that the book comes with a free e-book, so that you are able to play it for kids while they are in their room or on the way to school. Minecraft Steve is a great book for kids that will really keep kids engaged and interested. Recommend this to parents or children who are able to read this.

Diary of a Minecraft Steve is a very entertaining and exciting book. It's really enjoyable to read about the adventures and all the struggles of Steve. Everybody who can relate to the minecraft stories will have fun reading the story. Everybody else should also give it a try. Highly recommended! ;)

I liked how the characters were introduced in the story and it flowed instead of other books that are well ugh. It is a exiting minecraft adventure that you don't want to end. Unlike some other books that are boring and dull this is exiting and adventurous.

Enjoyable read. This book is a nice little short story built in the minecraft universe. It was an entertaining short read of a minecraft character on his journey through the world. Unique!

One of the best Minecraft diaries that I've read yet! I thoroughly enjoyed Steve's thrilling and entertaining adventures and can't wait to read the 2nd book!
