Great map. It's very convenient to have this map, even with Google Maps, as phones can act funny, and it shows important places so you can plan your day out without even taking out your phone or

laptop. Also, if the phone dies, it is great to have a backup for safety. Especially in Norway where you'll be hiking and walking all day to see all the beauty. It folds up to a tiny little space but really offers quite a large map of the city that any tourist could appreciate. Definitely 5 stars as I used it a lot, and then a friend came into town who took it from me and used it almost exclusively to get around. Nowadays it's great to have something like this so you can leave your phone in your pocket and enjoy life.

Good map, has most streets you need. Nice size. Did rip when wet. Better transportation map (larger, easier to read) available at the visitors center for free, but I used this map a lot to get around by foot during my 4 days in Oslo.

Nice compact map (5 maps actually) of Oslo that folds to the same size as a passport cover. Tiny writing required wearing readers for my aging eyes but all the major attractions are covered. Our hotel had a free map of the city but this was nice to have and easier to manage because of its size.

This map is in Norwegian. The cover is in English so it's deceptive. I'll try to return it. Shouldn't be in US market.

After a week in Oslo, I love this map. It had the needed information and was in a really easy to use format. It fits easily in a back pocket and doesn't require sloppy folding or fiddling. This is the one to use.

This is a great little map for any tourist, but it could use a some local train information (like a London tube overview) because the Oslo train lines are often much more direct and useful for accessing most of this wonderful city's main attractions.

Product arrived quickly and is exactly as described.

Great size! Just stick in your pocket, and it's not terribly conspicuous when it's unfolded. The true test will be in its use this summer.
