Kawaii Doodle Class: Sketching Super-Cute Tacos, Sushi, Clouds, Flowers, Monsters, Cosmetics, And More

Synopsis

The Japanese word kawaii translates to "cute," and this how-to book is chock-full of super-adorable images of tacos, sushi, smoothies, clouds, rainbows, cacti, doodle monsters, Christmas trees, lipsticks, teacups, and more for your adoration. Popular kawaii artist Zainab Khan shows you how to draw 75 super-cute characters with simple step-by-step illustrations and instructions. She has also included fun search-and-find images and inspiration boards that show you how to give your characters different facial expressions and zany accessories. Thanks to this crash course in Kawaii Doodle Class, soon you will be enhancing your notebooks, stationery, artwork, and more with your own unique kawaii world!

Customer Reviews

Zainab Khan's doodle journey began in 2013, when she started making YouTube videos that demonstrated her love for drawing cute, random characters. Today, her Pic Candle YouTube channel has over 400,000 subscribers and more than 20 million views. In 2016, she quit her job as a software engineer to become a full-time doodle artist. Zainab lives in Mumbai, India.

I've been following Pic Candle on YouTube for several months, and love her cute, easy drawings. It's awesome to have a printed version of her work along with easy-to-follow instructions. My kids and I love sitting with this book and doodling. Thanks, Zainab!

The book is super cute and very easy to follow. All the drawing are adorable! Love it!

If you've seen Pic Candle videos on YouTube, expect more of the same from this book in a convenient, no-need-to-keep-pausing format! If you're unfamiliar with the author's video tutorials, then you're in for your first look at positive step-by-step instruction that encourages even the most nervous pencils. Each lesson in KAWAII DOODLE CLASS is clearly designed to act as a springboard to original creations. There are pages dedicated to accessories and little features that you can add to your doodles, and examples of variations. The idea is not to just learn how to doodle the Pic Candle way, but to fill your notebooks and friendly letters in any way you like with great-looking characters that are all yours. I would suggest applying the lessons in this book with inspirations from sources of similar aesthetics, such as San-X Twitter accounts and Pinterest posts found under the "kawaii" and "doodle" tags. KAWAII DOODLE CLASS can give you the confidence to try your hand at all sorts of cuteness!! preordered this book to get it on Day One. It's been such a fun thing to have around ever since. BONUS! Twelve coloring pages in the back! Am now waiting patiently for the official Pic Candle coloring book.

Reminiscent of Japanese Anime, "Kawaii Doodle Class" is more than the mild doodling we do without intention. The offered drawings are adorable and easy to create. Zainab Khad has provided simple and easy to follow instructions. I didn't find any that were impossible to recreate. If you are planning on drawing a Rembrandt, then pass, but if you enjoy drawing for enjoyment then this is a book you can get a great deal of use from. My rating of "Kawaii Doodle Class - Sketching Super-Cute Tacos, Suchi, Clouds, Flowers, Monsters, Cosmetics and More" is 5 out of 5 stars.

Kawaii meaning cute. If like me you can't draw a thing but still love to try, then this book is for you. Each Kawaii Doodle can be completed very simply, following the step by step pictures with guidance notes in plain English. The addition of the face transforms the doodle into an adorable character. In a nutshell, these doodles are very addictive and will have both children and adults drawing like a pro. Loved it. Many thanks to Netgalley who provided me with this ARC. I chose to

read it and give a voluntary and unbiased review.

If Kawaii translates to cuteness then I guess this book is oozing Kawaii. This book takes simple objects and shows you how you can turn them into cute little doodle characters. After a quick introduction the book is divided into five different categories: Adorable Food and Drinks, Lovable Nature, Cheerful Doodle Monsters, Everyday Cute and Charming, and Holiday Decorations. Within each of these sections we are presented with a selection of cute characters; each with step by step directions on how to create them for ourselves, and further useful tips on how we can make them our own with cute additions to the basic character idea. The book provides plenty of inspiration to then go on to create your own doodle characters. Aimed at the beginner, this book would be ideal for those starting out with Kawaii doodling or those nervous of their doodling/artistic capabilities. Or to be honest those like myself just looking for a stress free doodle release. I have previously purchased several doodling books and I have a wide selection of adult colouring books and I can see this book fitting in well with those. Most of the doodles within the book are coloured with a couple of pastel shades; in keeping with the general cutesy theme, but the colourist in me can see much scope in creating little characters which I can then let my coloured pencils loose on. I think the book would make a great gift; particularly for those who like cutesy things.

If you are art challenged like me (I'm seriously so rubbish at drawing!) but love kawaii doodles this book is amazing! Zainaib Khan breaks the doodles down into simple steps, each one a simple shape or a curved line to begin and by adding to it bit by bit, you've all of a sudden doodled a thing! And not only doodled a thing but a thing that looks like the thing it's to be! There's lots of other things to draw but with no instructions, however because you get the basics, they are easy to copy and I'm already thinking of how I can make everyday objects into kawaii doodles.

Kawaii Doodle Class is a fun book that provides hours of fun for those who like to Doodle. The book is divided into categories like Food, Holidays, Monsters and more. Every item can be drawn by following a simple tutorial and there's room for free-drawing as well. At the end of the book there are a couple of cute coloring pages. All in all, a nice book if you want to learn how to doodle Kawaii style.
