Customer Reviews

I have to admit, I bought this particular laminated map because of the photo on the cover (Historic Central Railroad of New Jersey Terminal, Liberty State Park, Jersey City, by Amanda Hall) because I'm a railfan and know the building well. Somebody really thought about the design of this map. One side of 12 panels is northern NJ, the other side is southern NJ, there's a large gap between the north-south running panels to allow easy folding without bending paper, but the map sections have about 1/4th inch subject overlap (the bottom 1/4 inch and top 1/4 inch of adjacent panels is identical) so you can easily follow from one section to the next. Good charts with a town index, maps of Newark, Trenton, Camden, Atlantic City, points of interest, state facts, etc. The only thing missing for me is rail lines, but other than that it's an excellent compact map.
