The Untouristy Tourist Book Of Sydney And Melbourne, Australia

Synopsis

Looking for a comprehensive guide to Sydney and Melbourne? Looking for that guide telling you which landmarks, shows, or other things to go and see? Well, this is NOT the book for you. This book is unlike other touristy books in that it's more observational than it is itinerary-based. Want to know what a doona is? A proper meal? Where to hold a bridal party? Then this is for you. This book is an original work by Stephen Davis. All of the items contained within this book were first documented and/or written while traveling in Australia during March, April, and May of 2016. There is no real rhyme or reason as to the format of this book and things will just seem random. Because they were. Welcome to my life... Have fun reading and understand that things may need to be taken with a grain of salt here and there. There are many references to Dallas and/or Dallas and Texas things. As a Dallas native it was used largely due to my frame of reference. Somethings may not make too much sense to a non-Dallas person. Know one? Ask them..
