# Maximum Security (CHERUB)

## Synopsis

>CHERUB agents are highly trained, extremely talented – and all under the age of seventeen. For official purposes, these agents do not exist. They are sent out on missions to spy on terrorists, hack into crucial documents, and gather intel on global threats – all without gadgets or weapons. It is a highly dangerous job, but these agents have one crucial advantage: Adults never suspect that teens are spying on them. In James's newest mission brings him to the sun-baked desert prison Arizona Max, home to 280 child criminals. One of them is the son of a weapons dealer who has been selling U.S. missiles to terrorists. If James can get the kid, CHERUB has a chance to stop the father. Getting into the prison is easy. Breaking out is the hard part.

Wonderful ... I give this book 10 out of 10 The Guardian It has absolutely everything you could want in a book. It's filled with action and drama -- Al-fahad, aged 11 Aquila Praise for books in the

CHERUB series: 'Punchy, exciting, glamorous and, what's more, you'll completely wish it was true.'

Sunday Express I think this book is brilliant and once you start reading it, you can't put it down! --

Charles Kneale-Kaye, Arnold School Teen titles 'Crackling tension and high-octane drama.' Daily

Mail 'A really good book that you could re-read over and over again.' Guardian 'Pacy writing, punchy dialogue and a gripping plot, it's got it all.' Daily Express 'Fast-moving action ... and cool gadgets!'

I have never picked up a book series and have been so amazed by words on paper. Robert Muchamore has a serious skill for making you feel as if you are standing right in the middle of these stories. I originally borrowed the book series from my cousin but they were just so good I had to buy my own set as I couldn't stop reading them. Maximum Security is another Robert Muchamore book that you will plough through without even realising how much you have read and at that stage you will realise you're done. This is definitely the best book that was written by Muchamore, there was so much thrill and excitement while reading this book. Stop reading this review and go buy it!!!!

My son was addicted to this series of books and couldn't wait to read them all. He read each one in one night. That is how much he loved them. He has also read them all multiple times. He was about 14 when he read this series.

My grandson introduced me to this series, and I'm glad he did! I have five "missions" and have read three so far. The premise is interesting, the teenagers are believable and mostly likeable. It's a fast read, full of action and low on teenage angst. Add ten years to the characters' ages and it would no longer be a young adult series. I look forward to more in the series.

Maximum Security is a book which not only will suck you in but make you wish you were sitting next to the protagonists talking to them. Robert Muchamore manages to bring his characters to life no one else. I strongly suggest this book to anyone who is into action and espionage.

This book is full of action and never boring I recommend this book to no one younger than twelve but I advise reading first if you thoroughly enjoy reading and will get the next book The Killing so if you are over twelve and like spies action and never boring then get this book.

Shipping took forever! Book came from the east coast to hawaii. I was tracking it all the way. For 12 days, it was sitting in a california facility. Only until I email the facility, did the book come a couple days later, but no response from the shipping company. But all in all, book was great, my nephew finished it way faster than the shipping time! I can wait for the next book. Looking on now for book 5.

My 14 year old daughter is devouring this series - she read this one in the span of just a few days. She doesn't want the series to end.

THIS BOOK WAS great it keeps up with the last two books it was intended and makes you want to keep reading.
