The Pocket Oxford Russian Dictionary

Synopsis

Called "the most complete and succinct" lexicon of its type by The Times Literary Supplement, The Pocket Oxford Russian Dictionary has long been a favorite of students, scholars, businesspeople, and travelers. Now this popular dictionary is available in a completely revised Second Edition. Providing the most up-to-date coverage of general vocabulary in both languages, this handy resource offers the perfect companion for reading and conversation. No other pocket dictionary can match its outstanding features: More than 70,000 words and phrases; emphasis on modern idioms and colloquial usage; numerous illustrative examples of vocabulary in context; all common abbreviations and acronyms; pronunciation in the International Phonetic Alphabet; and guidance on constructions, complementation, and difficult points of grammar. Remarkably comprehensive, this new edition of an established classic provides an essential resource for students needing a handy guide to the Russian language.

Customer Reviews

Text: English, Russian

Della Thompson, ed. --This text refers to an out of print or unavailable edition of this title.

I hesitated about purchasing this because of the previous reviews about the binding. Ultimately, I decided the complaints were older and maybe it would be less of a problem now. The silly things I

think when I'm overtired!! I opened the package, removed the book, laughed with family about how it was so not pocket-sized, and when I opened it to flip through, a chunk of about 100 pages came out (in a chunk, thankfully, and not flying around the room). Looking at the top of the binding, it doesn't even look like it ever TRIED to hold those pages in. The cover is just ... not large enough. It's mostly the beginning section with information on grammar and whatnot, and I could almost forgive the problem if that was all, but a number of pages from the "A" section are in the free-floating chunk as well. I considered returning it, but truth is, it was 11 bucks. And this probably won't seriously discourage me from using it. I'm teaching myself mostly for the sake of reading, not even necessarily writing or speaking, and I have a feeling it'll be fine for expanding my vocabulary now that I've gone through a book that provided me with a solid handle on Cyrillic. Which reminds me -- if you don't know anything about the alphabet, please don't try to start with a dictionary. Pick up something specifically about how to read and write the alphabet, or find something online. Or pick up the dictionary, too, and use them together. But anyway, if you're rough on books in general, planning on using this nonstop, etc... Oxford is great, but look for something else with a sturdier binding (preferably in an actual bookstore, and then come order it here if you have to), or get the full-sized version if you're really serious. I might get the full-sized myself, who knows.

Decently in-depth, but "Pocket" it ain't. An excellent guide if you want to learn Russian words, and it has some helpful information about grammar.

This pocket Russian dictionary is one of the best that I've used. It shows all perfective and imperfective verbs, it includes irregular verb endings and indicates the accent (udarenie) of all Russian words. I disagree with the poor rating given by a reader that complained about the lack of Cyrillic transliteration. This dictionary is for people who ALREADY know the Cyrillic alphabet. A great dictionary at a great price!

I brought this book because I am taking a Russian language course at my university and so far this dictionary has proved to be very helpful and informative.

I've been studying Russian for about 10 months and I received this dictionary 4 months ago. It has helped me enormously since then. I recommend this to everyone who is learning Russian.

I purchased this item through the second-hand option and I was surprised of how fast I received it

and the immaculate condition in which it is. And it costed me about 1 dollar.Great!

Very helpful to my daughter.

great for occasional use. but ive had it for one day, have only opened and read it once, put it on my dresser and now the back is already coming undone. but the information inside the book is great. only wish the book had better uality.
