Customer Reviews

Harvard Business Review is the leading destination for smart management thinking. Through its flagship magazine, 11 international licensed editions, books from Harvard Business Review Press, and digital content and tools published on HBR.org, Harvard Business Review provides

professionals around the world with rigorous insights and best practices to lead themselves and their organizations more effectively and to make a positive impact.

This book was recommended to me by a friend who has had a successful career as a change management consultant, after working for IBM for years. There is an almost identical book which has a Chinese painting on the cover and contains 8 of the 10 articles in this book. Make sure you don't order both! This is a great read for anybody interested in formulating a structured approach to implementing change.

Excellent book on effective management , Anyone on the operations side of consulting would be wise to dig into this book before starting there role

Has really helped me with school assignments. I am just over halfway through my Master of Science in Human Resource Management.

This book was assigned as part of our Change Mgt class at Western Michigan University. Really impressed with the book and I know I will refer to this later in my career.

HBR's 10 Must Reads on Change Management are just that...must reads for anyone who is serious about successfully making change happen. Whether you have lots of change experience or just starting there is a lot of wisdom in these pages. Highly recommended.

Excellent insights I could act upon when needed. A great book to have at hand when you need to make sure your colleagues will embrace the change you propose them.

I have always appreciated HBR publications. In this book, the best Change Management theories and best practice principles have been selected. This provides a really balanced understanding.
