I was so excited that Thunder was the next king to win the hunt. Especially since his last turn in the hunt was hilarious in appearance. These two were so perfect for each other and after the way they had been treated by others in their past, just what the other needed to find balance. I initially felt bad for Cloud when we are first introduced to him although the situation is definitely not the right time. Our heroine is bright but a bit jaded after enduring a jerk of epic proportions as an ex. Yet she melts Thunder's heart and has his scales ready to shine through from his dragon so quickly that he is quickly smitten. Thunder is so patient and understanding that he almost loses her but a little push

from two other bossy royals saves the day. This was a fantastic read and I can't believe how Mrs. Hartnady keeps out doing herself. I hope she continues creating worlds so deep we get lost in the ages. I can't wait until book 5 in April.

Tamara, a graphic designer, is no longer able to work in her field after her jealous, cheating, ex-boyfriend frames her for theft. She needs money desperately and sees the Bride Hunt as an easy way to get it. She is 'caught' by Thunder, king of the Air dragons. He, of course, soon knows she's the right one, but Tamara is super cautious. I think this is my favorite book in the series! I adore how Thunder is with her, carefully trying to coax her into realizing her true feelings, but willing to sacrifice all for her! Cloud's unreasonable claims on Tamara lend an element of extreme danger to Tammy and Thunder's quest for romance. Very exciting, indeed! Don't miss it!

Loved this one. It starts out suspenseful and keeps the roller coaster going from start to finish. The girl had a rough road and had to overcome more than insecurities. The guy was great some flirting, some caring, and brutal strength that he loses but regains so much more in the end. Recommend this series and the predecessors to those who just love shifter/vampire romances! I love this author.

I enjoyed the Lightning Dragon book. It was a really nice twist to the previous stories. I appreciate the author had the characters get to know each other. Even though the male characters usually have that caveman mentality. Thunder was not too much like a neanderthal. I appreciated that. Tammy's character was refreshing. She allowed her moral personality to assist with a better outcome and not let the situations to interfere and deter with the unforeseen situations that presented itself to both Tammy and Thunder. I really like this story. It was cool to see the Dragon King and his queen came back in the story with a some added little twist.

This book is full of ups and downs. And one seriously crazy Dragon. Luckily there is also a seriously hot Dragon also. Thunder is good with Tammy's fears due to her cheating ex. This is a rollercoaster of a ride for the emotions but all is well that ends well. I definitely recommend this book and look forward to the next one in this series. Enjoy! ãfÂ ã Å_ã Ëœã â Ñ

I am so glad that Thunder finally found his mate. He was in the other stories with no luck. The series has been very interesting as to how each dragon gets his mate. I am glad that these are interlinked with the Vampire books as it makes great reading. Thanks for the series I can't wait for the next

book to come out.

I really enjoyed this book too! I think the third book is still my favorite thus far, but this one was full of twists and turns that kept me intrigued. Another strong female character, loved Tammy and Thunder together! Thunder was surprisingly sweet and loving and so much more considerate than all of the other dragon shifters so far. He also had much more self control, which I really liked. Loved the ending as well!

I really thought I was reading my first book where the good guys loose. But, you came through in the end. I love all things Dragon. As they say, I've never met a Dragon I didn't like. Keep on writing Dragon stories and I'll keep reading them.
