Meet three girls: Olga, Arika and Heidi. They are aliens living on a "super-cute planet called Cutie Patootie Face" and are the best of friends. This is a short chapter book with 10 chapters. The Kindle version has a linked index.No drive thru's here, just fly thru's! Yes, travel is by space ship of course! A must read is the fashion magazine especially the part telling what's IN and what's OUT! What can the girls do today? Go to Plundering Falls Lake, catch pizza and have a pizza party.In Chapter 4 the reader gets an abrupt introduction to mean Mr. Zonk and his Surveillance Snakes. The two goons, Jordan the bluebird and Slimy the monarch butterfly are none too pleasant either. Mr. Zonk has an "All-Hearing Ear" so wants to know why the girls haven't invited him to their party. However he thinks he has more important things to do like taking over the world and getting Heidi to fall in love with him. Pizza Repellant Powder? Will the girls get their party?IMPORTANT to note that this story ends at 59% on the Kindle. We are then "treated" (please note the sarcasm) to large excerpts from the other books! Mostly well-written albeit a little OTT this is definitely a book for girls. I did find one glaring error and that was the misuse of the word "queue". When you take a "cue" from someone it should be spelled C-U-E not Q-U-E-U-E which has a totally different meaning.This is an okay book and one that will probably stay in our library but definitely not one of my favorites. I will probably read the others in the series to see how they fare. I purchased this book for my Kindle. I was not required to write a review but chose to do so. Thanks, Liz

Humor abounds in this one throughout! Four young girls live on the planet Cutie Patootie and their mannerisms are all so different. Arika has a huge head of hair, Olga has a high voice that will shatter mirrors easily and two others (Heidi and Nadia) both have specific traits!Enter Mr. Zonk, the evil doer! What tricks he has up his sleeves to ruin the pizza party. I got a huge kick out of the names in this book. Chief Feather Boa, a snack at the "fly thru" and the Pillage Village are a few of my favorites.I commend the author for the drawings as well as having such an active imagination. Well done and most highly recommended.

My granddaughter got my Kindle and said Grammie, you don't have any kids books on here so I loaded some on. When we read this she just giggled and giggled. Seemed to be a good book to her

and that is all that matters. She was 7 and her sister was almost 6,. They both really enjoyed it and loved reading themselves.

Super cute book for small kids. I downloaded this book for my youngest to read as part of a busy bee reading program. He was able to read it by himself and without help from myself. If you are looking for a short story for you little one to enjoy reading this is the one for you. It will help promote a happy child, build confidence, and build reading skills in younger children.
