Sorcerer's Oath (The Everlasting Throne Book 2)

Synopsis

Chaos ensues after the young sorcerer Deobard summons an earthen elemental in the middle of Endham's town square. Forced to flee into the mountains, Deobard is beset by mountain men with arcane power to rival his own. After escaping the mountain men, he's imprisoned for sorcery. With the threat of execution before him, an oath to slay a monster leaves his head on his shoulders. This oath sucks him into a whirlwind of conspiracy and madness that might just kill him. For fans of classic fantasy by the likes of Raymond Feist and David Eddings. Dive into the world of The Everlasting Throne with just one click!

Customer Reviews

I received an ARC of this book and am voluntarily leaving an honest review. The Sorcerer's Oath is the second part in The Everlasting Throne series. It is written in third-person with several different point-of-view characters. The point-of-view changes throughout the story are aided by the use of breaks and new chapters, allowing for a smooth and confusion free switch. The story is set in a fantasy world and follows a young man named Deobard as he searches for his father. Deobard is a

brash young man who frequently makes impetuous decisions that more often than not lead him into trouble. His pride and quick temper may be character flaws that cause him and those around him problems, but his empathy and sense of honor help him to admit when he's made a mistake and attempt to correct it. Usually, his problems start when he feels he has been wronged or insulted, which is how he ends up on a quest to kill a mythical beast. The Sorcerer's Oath continues Deobard's adventures which began in the first part of The Everlasting Throne series, The Book of Elements. And just like it's predecessor it is filled with interesting characters, magic, mythical beasts and plenty of action. Recommended to fans of epic fantasy filled with quests, magic, and adventure.

Ok, I'm going to try to make this short and sweet as I don't want to be a spoiler and reveal anything about the plot. I love Raymond Feist and David Eddings and have read everything of theirs I could get my hands on. The comparison to them is what intrigued me about this book, and the similarity in feel is what most attracts me to Sorcerer's Oath. This is a fun book. Nicely done plot, interesting lead and supporting characters and strong writing. Just as with those other authors' books this one is definitely a fun ride, and I'm happy to recommend it.

The first book in this series that I have read, so didn't know what to expect. What I got was an interesting tale of magic, epic heroes and gods. We meet our "hero" as he is travelling north in search of his long lost father. He meets a travelling band of merchants one of whom take him in when he passes out next to the wagons. We follow the bumbling hero north and meet assorted problems in the way. I received a free copy of this book

I must say that when I first started this book I wasn't sure I would enjoy it but enjoy it I did! This story of a young boy becoming a man and learning to face his fears. He meets some great folks along the way and they help him to become a man and to carry out his quest. Sorcery is not always the means to end bad as in this case it took an act of heroism and faith! I have to say that I was truly surprised and thoroughly enjoyed Deobard and his adventure!

Well, I was slow in starting the first book of the series, but when I got into the second of the series, it was a fast, action packed adventure, almost every page. The revelation of how and why the monstrosity appeared and its motives, took me by surprise. The ending was. Better than most series that I have read recently. I really enjoyed Sorcerer's Oath a bunch. I received this copy as part of an ARC (Advanced Reader Copy) program.

This was a little hard getting into at first, but soon I was wondering what would happen next and not wanting it to end. There is a lot of action, magic, adventure. It reminds me somewhat of a D & D adventure. Overall it was a good read.

A very good read..a coming of age for the main character,who learns some tough lessons on his way to becoming a true champion. If you've read the first book in this series,you're in for a treat...

An epic story with a very detailed setting and well thought out characters. I received an ARC in return for an honest review.
