## Nolan (Billionaire Titans Book 3)

## Synopsis

In this third book in the Billionaire Titans series, learn more about ATLAS and ODIN's important ally, Nolan Weston...My father is dead. That much I know. What I didn't know, was what my father did for a living. I thought he was just a run of the mill lawyer. I was wrong. My father had an entire life I never knew about. One filled with half-truths and plenty of deception. Nolan Weston is the key to unlocking the lies. Nolan worked for my father. He was his right-hand man, the one he entrusted with everything. That would include being the executor of my father's massive estate that I just so happen to be the sole heiress to. I should hate Nolan. He's cold. Arrogant. And he's hiding something. But I don't hate him at all. I'm drawn to him. After a snowstorm in Tahoe traps us inside my father's luxury digs, the forced proximity opens up the floodgates of our desire. "It was one of the moments in my life I knew I would remember always. And that as much as I didn't want to feel like I belonged to anyone, at that moment I was completely his, for as long as he wanted me. He might one day be done with me, but I would never be done with him." Nolan wants to teach me how to please him. I want to learn how to trust him. But as I've learned, nothing is as it seems. And the man I want to trust might just be the man I need to run from. **WARNING:** This is a steamy romance involving an older, experienced alpha male and the young girl he wishes to own. There are twists and turns and it will leave you gasping for more.(This book was previously published as NECESSARY LIES)

## Customer Reviews

Overall, a good and engaging story. Sad and happy all mixed into one. As much as I enjoyed the steamy love scenes it seemed she had a bit of a daddy complex and in some ways she did.

However; just because she was younger, doesn't mean he needed to dominate her. Still a good read.

One of the best series I've read in a long time. Strong characters and an amazing story line. You won't be disappointed. When u finish one you can't wait to download the next. Please keep this series going.

NOLAN (Billionaire Titans Book 3) I voluntarily reviewed a complimentary ARC of this book. Alison Ryan had definitely outdone herself the way this series has started out. WOW this was one of those books that puts on the edge of your seat and keeps you there. I didn't hesitate to give this book 5 stars but in my opinion it really deserves 6 out of 6, that's just how awesome I think it is. This book is filled with mystery, protective parental love and finally the unexpected ending. Camilla Hunt was a student at UVA and 3 months from graduation when she received the most devastating news of her life. Her father was dead. As she was flown on a private jet, out to one of her father's many homes, where he currently had been living in Tahoe, so many things went through her mind about her relationship, or what she thought was the lack of, with him as she had grown up. She would soon learn things about her father and why he kept her at an arms length. As she scratched the surface of his life and business she was stunned at what she discovered. She was also stunned at the attraction she felt for his trusted assistant Nolan Weston and soon discovered he felt the same attraction for her. As much as I hated to eavesdrop, something told me not to make him aware I could hear him. So like I had done just a couple days ago, I stood quietly outside his cracked bedroom door. "She doesn't know everything," he said to whoever was on the other line.

"She's your typical dumb, rich college girl. Only thinking about when she can get her manicured hands on her trust fund Daddy and Mommy left

her." My heart literally breaks for both of them as more and more of

this story unfolds and it appears they will be kept apart.

I loved this book. All the suspense, danger, lies, secrets, lust, steamy scenes, love and of course the HEA what more could you ask for. Camilla learns that her father died and Nolan was one of his employees. Nolan is a mysterious distinguished older man that Camilla can't help but lust after. She meets him when goes to one of her father's houses to settle the estate. Little does Camilla know that Nolan has been watching over her for many years. Her dad asked him to protect her and watch over her from a distance. Camilla doesn't know much about her father and the business he owned but it all comes to light when she is at the house with Nolan and is very surprised of all the secrets and lies and she can't understand the dangers that surround her. Camilla and Nolan get very "close" and the scenes are steamy but when she overhears Nolan talk about her and not in a good way she runs back to her life and tries to forget about Nolan. Nolan shows up one day after a few months and drops a bombshell on her. Will she believe him? Will she learn the truth after all these years? Will they get back together when Nolan has to run and hide? I won't spoil it for you, you'll just have to read it to find out the answers, you won't be disappointed.\*I received a free copy of this book and voluntarily chose to review it\*

I'm reviewing this book as an ARC. I read it awhile ago, when it was 2 books, but has now been combined into 1 epic love story. Camilla and Nolan's story is twisty and Turny and definitely full of surprises. I loved how innocent Camilla was, and how Nolan was so taboo and smokin hot. The story of how Camilla's father dies and Nolan is sent to basically get her through it.....only to discover hidden secrets....I loved every minute and it was one of those books that was bloody hard to put down. I also loved how other characters featured in this book....it was nice to revisit them. Alison Ryan is a fabulous author and I 100% recommend her books to anyone who like a smokin hot story but with a little thrill along the way.

I am so beyond happy that we got the rest of Nolan and Camilla's story! They both have been through so much that an HEA just never seemed possible. And just when you think that there couldn't be anymore surprises, Alison throws more at you, and she finds a way to tie this book to others she has written. This alone will have you cheering. I am not gonna lie, I cried and it was pretty, but we have to take the journey provided to get to the end! And if I know Alison, this won't be the last we see of these two. An absolute top 10 read of 2017! One click this baby today. I am voluntarily reviewing in exchange for an advance readers copy

This book grabbed me from the beginning. A fast paced, well written storyline. Nolan and Camilla had hot chemistry together. Very unique story that keeps you on the edge of your seat trying to keep up with the plot. I really liked it. Would have really liked to see more in the end of the Firm being destroyed and what became of them as well as Camilla's dad and Emma. But maybe a side short story to finish it up!!!??? I recommend this book to any reader who likes fast paced romance with mystery and espionage as well as Hot Sex.

When Cami is advised of her father's death she meets his associate Nolan who is handling his affairs. As they spend time together deep feelings develop however Nolan has not been honest with her and their trust has been broken. When outside forces want the secrets to remain hidden will they be able to escape with their lives? Cami and Nolan are hot together and the twists and turns will keep you enthralled. This is another great read by Alison Ryan. I voluntarily reviewed an Advanced Reader Copy of this book.
