At The Helm: Volume 3: A Sci-Fi Bridge Anthology

Synopsis

Conflict across the cosmos. New frontiers discovered. What it means to be human reimagined. Dreams of tomorrow become reality in this third collection of bestselling authors and newly emerging writers from Sci-Fi Bridge. From the inner worlds of unforgettable characters to alien planets at the farthest reaches of our galaxy and beyond, our writers examine the human experience from within and without. Who are we as a species? Who do we want to be? How do we achieve that greatest vision of ourselves for us and our children? You'll wonder at the possibilities of what we can accomplish together. You might even come to believe that a better tomorrow can be more than a dream....Foreword by Chris Fox "Centurion" by M.G.

Herron "Geospermia" by Patty Jansen "Storming the Norse Wind" by M.D. Cooper "The Far Side of Psyche" by Rhett C. Bruno "The Genesis Revelation" by Hall & Beaulieu "Latecomers" by Chris Ward "Fool's Gold" by Zen DiPietro "The Tribe" by Andreas Christensen "The Theta Patient" by Chris Dietzel "The Last Ship" by Chris Pourteau "Taken For a Walk" by Justin Sloan "Playing Doctor" by Robert Jeschonek "Awaken Me, Paper Robot" by A.K. Customer Reviews

At the Helm 3 is a terrific collection of outer-space fiction. Centurion A walk on an alien planet leads to a dangerous adventure and a new friendship in this entertaining story. Geospermia A potato farmer and giant pandas on Mars! This is a quick, fun story about a girl searching for her brother. Storming the Norse Wind An action packed story about a battle on a spaceship. The Far Side of Psyche The space race between the US and Russia leads to a dangerous discovery in this thrilling story that is reminiscent of Gravity. Latecomers Earth's last hope in an alien invasion is a ninety year old woman in this funny adventure. The Tribes In a savage world people from different backgrounds fight to survive in this fast paced story. The Theta Patient A doctor tries to keep his head down in a totalitarian state in this chilling story. The Last Ship A battle story with a twist- a spaceship seeks to destroy the last of their enemies. Taken for a Walk An unusual pet goes for a walk in this entertaining story which may leave you considering how well you take care of your own pets. There are more stories in the book, and I will add more as I finish reading them. I received an ARC copy of this book. This is my honest and voluntary review.

4.5 stars. I received this book as an ARC in exchange for my honest review. As I norm I do not read short stories for the simple fact that if they are good it irritates me to not have more of it. This book did exactly that. Each story is well written and left me wanting more. They were each entertaining and intriguing. Well done authors!

Interesting short stories by several wonderful authors. Each written with awesome well-woven plots. Thrilling! If you love good sci-fi, don't pass up this gem.

Most are about 30 minutes long, and they are all unique. Some are more interesting than others, of course, but nearly all are worth reading.

Great anthology! It's sometimes hard to find a collection of short sci-fi stories, and this is a really nice one. I liked some stories more than others (obviously!) but overall, it was a great reading

experience.

Great series, great value. If you are obsessive about checking out new writing talent in this genre like I am, then you will definitely get your click's worth out of this awesome anthology.

Personally, 17 authors are just way too much for an anthology, this was my initial thought, yet, I bravely dug in, and then I began to realize why they came together in the first place. A variety of different authors equals a variety of unique, interesting and well written tales bound to keep each reader engaged. AI-Khemet Book Club August 2017

Bought b/c I was in a sci-fi mood. Didn't realize how hooked I'd become to it! Great stories!!
