marked. An excellent choice for people who want everything under one cover." - Washington Post

Used this book for my semester abroad in Copenhagen, was VERY helpful - I highly recommend. It gave great tips, locations, even web addresses. But my favorite aspect was the walking tours, I took almost all of them (on my own) and it proved to be so successful, allowing me to find different corners of the city I would otherwise never have thought to venture too.

I can always rely on Fodor's being well written and clear.
