Customer Reviews

I wanted to see how the kids' books compared to the adult books. The kids' series still contained suspense, but it was toned down from the adult books.

I love all the Left Behind books, including the Kids Books. Very interesting characters and can't wait to read what is coming next. They are very brave and dedicated

;))

6throughoutvery good morning beautiful and after receiving the best way for me to bring it up on your use to make sure that you reading this article was written by the best of the best in your car and really really good at that point on the best way to get to see you tomorrow night and after that trip is a tornado watch it

Absolutely loved them! Can't wait to read the rest. If your read the original adult versions, you will love how they interact with the versions for the younger audience.

I love all these books in the adult & kids' versions! Wonderful reading!

This book of the series was probably the most page turning yet! The bravery of the young people caught up in this story of the end times is awesome!

Good for those who belong to a religion and those who do not. If you do belong to a religion, some of the bible translations were a bit of a stretch to fit the story, so it would be good to talk about with your kids. I was sure to tell my that it was fiction and had him even look up the rapture in the bible (not there). Otherwise a very good read.
