Customer Reviews

Full confession up front ... I adore Lisa Ladew's writing and have read every one of her books to date. This new series is going to be amazing and I can't wait for the next book to be available. The first book in a series is always full of World building which can feel heavy and slow at times; however, I feel this book #1 still managed to have exciting story elements woven with a wealth of world building. The hero, Jameson, was an old world gentleman who was protective of his woman. He had to learn to let her be herself and accept that he couldn't keep her wrapped up in bubble wrap. The secondary characters are interesting. Prowl sex is hot and intense!

Oh my goodness!!! There was so much going on all at the same time that it was nearly impossible to keep up with. Once again Lisa Ladew knocks this out of the park! Not just a home run but a grand slam! I so cannot wait for the next books to be written!!!

What a roller coaster ride and a heck of a way to start a new series! I love Cora and Jameson and can't wait to see all the switches come out.

Loved the way the story flowed. The characters were well done. Would recommend to anyone. Love all of Lisa's books.

First off, I

Jameson and Cora's story, first book in the new series by Lisa Ladew and Grace Quillen, is a must read! Shifters are fighting an ancient enemy, a lost coven of switch is found, and vampires must die. Excellent premise, great characters, fun snarky comments, and wow, the romance is hot hot hot! I highly recommend this book, first in a new series.

Y'all are killing me! You never write fast enough and there are going to be 16 *gasp* books in this series, my house will burn down from the heat.Love the characters and the fact you came up with prowl sex ... I want to write more but I don't want to ruin the book. Just buy it and read it, you won't be sorry.

What start. I am so all in. I will be waiting for the next and the next. Have not been disappointed in any of the stories. I would be for faster, but perfection takes time.
