# You Be You

## Synopsis

A companion book to the bestselling *Only One You*, Kranz once again uses her famous "rockfish" to express the themes of diversity, individuality, and acceptance to children. When Adri sets out to explore the ocean, he has no idea how colorful the world is. He quickly discovers that there are all kinds of fish in the deep blue sea—big and tiny, smooth and spiny, colorful and plain, different and the same. Join Adri as he travels the ever changing currents of the ocean and see if you can find your favorite rockfish among the waves!

## Book Information

## Customer Reviews

Youngsters will enjoy the catchiness of the text and the lively nature of the illustrations, while appreciating the concepts found within....A good choice to help children consider similarities and differences. (Kirkus)The combination of the colorful, jewel-like objects and affirmative messages is likely to make this book as popular as Kranz's first, which has a loyal following. (Publishers Weekly)You Be You brings a whole new level of excitement to painted rocks. A rounded, smooth rock is a limited canvas, but Kranz's design and the variety of patterns on the rocks makes the book worthwhile before you even read a single word. I looked through the entire book and marveled at the painting and design before I went back to read it. (Raising Arizona Kids)With its universal theme that life is the greatest journey of all as well as its celebration of the differences between all

creatures, *You Be You* offers a positive message to readers of all ages. In addition, parents can share with their children the homilies featured on the endpapers and children can search for Adri swimming among the other fish. These features, plus Kranz's whimsical illustrations, ensure that *You Be You* will be an instant favorite of young and emergent readers or anyone looking for a little encouragement during trying times. (Vegbooks) With its strong positive message, *You Be You* is an ideal choice for parents to read to young children at storytime or bedtime. (Midwest Book Review)...[A] fun book with a valuable lesson. (Northern Arizona's Mountain Living Magazine) Named one of Huffington Post's 50 Inspiring Children's Books with a Positive Message. (The Huffington Post)

In *Only One You* Adri's Papa and Mama share with him the wisdom they have learned in their lives. The reader will find either Mama or Papa or both Mama and Papa floating on the pages. Now in *You Be You* Adri's adventure continues. Join Adri as he is out discovering the world on his own. Look for Adri swimming among all the colorful fish. In this story I wanted the reader to feel comfortable about who they are. We are all different. We have our own talents and we should develop our unique gifts and share them with the world. The message is to be yourself. Just like the end sheets in *Only One You* more wisdom and encouragement spills onto the front and back inside covers of *You Be You*. I want my stories to speak to all ages. After reading a story I love to close the book with a smile. Thank you, for taking the time to read "From the Author."

I bought this book and the series for my grandson pre school graduation. His mother is going to keep it and give to him on his high school graduation. It is a very meaningful book. It encourages the individual to be himself/herself no matter what others think.

Great book about the beauty of variety in the world. The last page(s) are a little long compared to the quick progression throughout the rest. Just makes it a little tougher for my barely-4-year-old to sit through the moral of the story. But she'll grown into it. Love it!

The price marked in the back of the book is \$7.95...It was a used book, creases and discoloration. Otherwise, my 5 year old son loves it.

Lindy Kranz has an artistic style all her own and it radiates through the pages of this thoughtful and insightful message about being the best "you" you can be!

I was expecting more out of this book....

This book is Wonderful for teaching children about individuality. Just like all fish are different but equally as special, all people are different but equally as wonderful!

A great message with beautiful illustrations. I especially like the inside covers. They're positive quotes, inspirational reminders for any age.

It is a lovely story. Thanks.
