Coaching Youth Wrestling was written by the American Sport Education Program (ASEP) in conjunction with USA Wrestling. ASEP has been developing and delivering coaching education courses since 1981. As the nation's leading coaching education program, ASEP works with national, state, and local youth sport organizations to develop educational programs for coaches, officials, administrators, and parents. These programs incorporate ASEP's philosophy of "Athletes first, winning second." USA Wrestling is the national governing body for the sport of wrestling in the United States and the central organization for the coordination and support of amateur wrestling programs in the nation. USA Wrestling works to increase appreciation for and participation in the international styles of wrestling (freestyle and Greco-Roman) as well as folk-style wrestling. USA Wrestling has more than 159,000 members, including athletes of all ages, coaches, officials, and parents.

I liked the simplicity of this book. I haven't wrestled now for over 20 years so it helped to refresh my memory on a lot of things to help my son.

Has lots of useful information and it is portable.

Easy to follow and well organized. An excellent resource for those new to the sport or those looking to start coaching.

Very good for inexperienced, novice coaches and a nice review for coaches moving from high school to youth wrestlers. Thorough overview of the basics - nice addition to the library...

Great for new coaches. Especially an experienced coaches or new to the sport of wrestling.
