James Dean's art has sold in more than ninety galleries and shops across the United States. He has devoted his paintings to Pete the Cat for fifteen years and has turned his natural love for cats into his life's work. James published his first adult book, *The Misadventures of Pete the Cat*, a history of his artwork, in 2006. He illustrated his first self-published children's book, *Pete the Cat:*

I Love My White Shoes, in 2008, and the follow-up book, Pete the Cat: Rocking in My School Shoes, in 2011. James lives in Savannah, Georgia, with his wife, four cats, and one dog. I bought these for my niece's 4th birthday. She is just starting to read on her own, here and there, so I thought I'd get her something that was a bit above the baby/toddler book level. I saw the Pete the Cat books and though he was very cute and the stories seemed fun. I know that when my niece likes something, she's going to want to use (or in this case, read) that item over and over. This means re-reading the same books for my sister and brother-in-law. These books look fun and amusing even for the adults. My niece is already obsessed with them and is working on reading them with her parents. I also love how affordable these books are. Even the single, soft-cover books are very low in price, which I think is so important for a book that will be lightly (or heavily) abused if you're giving them to children of a young age. They are also light, thin, and portable, especially with the case that this set comes in. I would highly recommend these.

I love encouraging my kids to read. I have noticed it helps a great deal if they have books they are interested in. This set of Pete the Cat books really got my son excited about learning to read. He is only five, so these are right at his level. This set includes 5 books at a great price. They are all stored in the handy box, to keep them in one place. We love Pete the Cat's cool attitude and the books are cute and fun.

My son absolutely loves Pete the Cat! The box they came in is a great way to keep up with them and allows for easy travel. They are cute little stories and great for a beginning reader. My son is 6 and is doing great!

Pete the Cat is my son's favorite at the moment. It started when he came home from school and brought home a Pete the Cat book and I must say, I absolutely fell in love with Pete after reading

the book he brought home. Soon after, I saved money here and there just to be able to buy him some more. These books were his weekly reward for doing good at school and every week he looked forward to receiving and reading these Pete the Cat book. If I were to ask him to pick a favorite he would tell me ALL OF THEM! I was glad to purchase this particular one because it came with 5 books plus a case (with a handle) to hold them in. Now he can take Pete the Cat wherever he goes.

My 6 year old has just finished Kindergarden and this book is something she can grow into. She loves the silly storyline and illustrations. She can read more than 70% of the words because she knows all of her high frequency words. I think this is a true level one reader, not too easy and not too hard, maybe 2 sentences on each page.

These books are in great condition. They are brand new, big letters and bright colors. The stories are cute but simple. The books come inside a cardboard case (which was also wrapped in shrink wrap when it arrived). These were a gift for my little niece who loves to read (age 2.5) She will have to grow into them a little to read them herself but she has many stories read to her through the day. Great set for a young reader!

Great for my older kid in Kindergarten. Because we make reading interesting, he has improved tremendously and is ahead of his curve now. He is one of my foster children and so it's also a plus that the books have every day situations that help us explain life and things to him.

Great, well-priced gift set. We really love Pete the Cat books, they have great lessons. My favorite is "Play Ball", it teaches such a great lesson about not being upset when you aren't the best at sports. In the book, Pete doesn't hit the ball, doesn't catch the ball, and gets out at home plate (on a walk), but he's not upset and is just happy for his teammates' success. Very well done without being too preachy.
