My daughter loves this series. She is in fourth grade and loves mythology, so this series is fun and interesting to her. It teaches her good life lessons with a girly touch.

My 8 yr old daughter LOVES this series. My daughter does read above her grade level but flies through each novel. I don't imagine girls who read on their grade level having any problems. We stumbled across it after she had an interest in Percy Jackson books and enjoys Monster High. The series is fun, creative and interesting. It makes the stories of the Greek Gods accessible to a younger audience and has inspired her new love of ancient stories. The stories may stray slightly from the original tales but are light-hearted and humorous. With each boxed set comes a silver charm bracelet. It's not fancy jewelry but goes along thematically with the boxed set itself. Each set having a different charm. Each book features one of the 'younger' Greek Goddesses (Athena, Artemis, Aphrodite, Persephone and even Medusa...more characters coming ie Iris) setting the stories as if the characters all go to high school together, with the 'older generation' of Gods as teachers and parents. Stories highlight friendship, imagination, 'first crushes' (though this is low key enough to suit young girls- 90210 it is not), school situations, honesty, etc. Think Greek legends meet Monster High or Ever After High. She has come to love each of the characters and anxiously awaits each new book.

My daughter loves this series

My daughter hasn't read the books yet. I've heard great things about them. However, the bracelet promised on the set of books was not in with the books. My daughter was disappointed about that.

Daughter loved the book so much until she talk the school into buying the collection for other students to read. I see other kids in school reading the series from the library.

My 9 year old loves these and it's wonderful she's getting a bit of exposure to the names (if not the true mythology) of the Greek Gods. She's totally hooked on this serious.

My daughter and I love these books to read. These are great for lessons learned and actually have some Mythology in them to help link them to their stories. Great find and cant wait to get more.

If your child loves mythology stuff, just get it.
