Customer Reviews

This book has really pretty arrangements of popular praise songs. My students really enjoy playing out of it. The earlier books in this series have duet accompaniments written in, which is really nice.

This book is okay if you are beginning out. The songs are continuous repeats of other books. There are so many Awesome Christian songs out there, that I don't understand why the same old boring songs are used over and over

Wife loved it and using in church service.

Only 1 verse of most songs. 'Celebrate Jesus' is just 4x repeated, so the song is incomplete.

Recommended by piano teacher.

This is an excellent book for students who want to praise God while learning to play piano! Well written, fun, easy to understand. Highly recommended!

Exactly as described and on time.

As advertised
