This is a beautiful coloring bible with plenty of space to journal in. I feel like calling it a large print bible is really pushing it. The font is small at 10pt, the same as my regular Women's Study Bible. I was hoping it would be at least 14pt, especially with it being a 4lb 10' x 8' bible. I'm really debating on if I will keep it. It truly makes me wonder how tiny the font is of their regular sized Beautiful Word Bible is.

These bibles are beautiful. Can't wait to pass them out today. I will be ordering more!!! I ordered 10

for our youth group. Wish they came with more options on the covers. But I covered them with book covers so the kids could tell them apart.

I love this one! First, it's large print which according to the cardboard sleeve is an easy to read 10 point font. Most bibles are an 8 point, but generally when things are labeled as large print it's 14 if not 18 point font. I assume bibles only go to 10 for large print because at 10 this is by far the largest bible I own. Second, it has a hard cover cloth wrapped binding. It's not only gorgeous but it lays flat anywhere- on your lap, on a desk, reading Genesis or Revelation. Third, paper. My biggest beef with the standard size BWB and the Devotional is the slippery gloss paper used. Highly unrealistic to write on or really enjoy in my opinion. The eggshell textural paper in this coloring bible is ideal for color pencils, pen, or even highlighter. It makes using a variety of art mediums easy without worry of smears. (I even used watercolor paints and had fabulous success!) My preferred medium is color pencils since they are essentially stowed around my apartment for wherever I land. The painting went off well, with some precautions. I used a cutting mat between the page I was painting on the the rest of the book. Now, I did not soak my page but used a moderate amount of water for carrying the color. Overall, if you're looking for a journaling bible to guide your creative endeavors, without being a blank slate this is gorgeous and texturally awesome addition. The NIV isn't my favorite version but I do love the size of the pages for getting creative without feeling restricted. Get one for yourself and enjoy worship with a whole new perspective. I received this bible in return for an honest review.

really enjoy Bible journaling. If you haven't tried it yet, you should. It really enhances my Bible study time. There are so many different journaling Bibles to choose from. So many, that if you are a beginner it can be overwhelming. So let me help you! The NIV Beautiful Word Coloring Bible is a good one to start with. NIV is not my version of choice, I prefer KJV, but regardless this is a great Bible for Journaling. There are quite a few pages throughout the Bible that have printed images that are waiting for you to add your own personal touch through coloring. There are also a lot of blank areas for you to add your own special touch and add your own designs. The pages are thick enough that I did not experience any bleeding. I used Micron non bleed pens, gelatos and cored pencils for the majority and was very pleased with the outcome. The Bible is listed as large print, but I would not label it as that. It's not teeny tiny print, but definitely not large. The Bible itself though is a very nice size and it has a beautiful cloth cover. The Bible lays flat while you are reading and working on your pages. I am very happy to have this Bible to work through and I would recommend it to

Book Description Easy to color and easy to read! Book Review When I was a little girl, I used to color everything I could get my hands on. I was one of those weird kids that actually used the whole crayon until it was gone. This Bible was made for me.

It's beautiful, absolutely beautiful! The cover of the book is a beautiful fabric covered hardback. It doesn't look like a Bible. It looks more like a journal, a collection of writings.

Love letters from God bound for you in this lovely edition. There are coloring sections scattered throughout the Bible, with large journaling margins on every page. There are even whole page coloring sections. If I had to make a complaint about this Bible, it would be that I wish the words of Christ were in read.

It is also a large print edition Bible. Which is unusual because the font is still so small. It would be difficult for me to read, and I don't even wear glasses, yet. If you are buying this Bible for a loved one that has difficulty reading, the large print in this Bible is not large enough.

It's also not a study Bible. In the back of the book, there is not a lot of reference material for deeper study. There is a table of weights and measures, but that's about it.

There are some subnotes along the bottom, but not a lot of cross references. In conclusion, this beautiful Bible is for you to enjoy the Word of God, and explore your own creativity while meditating on scripture.

It's a must-have Bible for your artistic nature. **Disclosure of Material Connection:**
