Customer Reviews

"Adrianna is the queen of cozy, and you'd be silly not to turn to her for all of your cozy needs. As a longtime follower of her blog, I can't say I'm surprised by the amazing, comforting recipes in this book (Rye Walnut Lace Cookies? Those gorgeous Cinnamon Rolls?!?!), but what did pleasantly surprise me were all of the fun crafts in here! I am so excited to make my own wreaths, candles, and crafting paper. It's gonna be so much fun. My waistline's gonna be really excited, too." Molly Yeah, My Name is Yeh "The Year of Cozy by Adrianna Adarme is both sumptuous and completely down to earth. You'll want to sink right into her cozy

world-why not plan a fall picnic, make Chewy Chai Snickerdoodles, and adopt a best friend corgi named Amelia? Adrianna's clear and friendly voice chats with you as if you're a dear friend, offering tips on DIY crafts and recipes you'll actually want to make. The photos are light and ethereal, drawing you into a world where she and her corgi stay in (and enjoy it!), go on neighborhood adventures, and, most of all, live intentionally cozy.

Adrianna Adarme is an author, recipe developer, and blogger. Her blog, A Cozy Kitchen, has become a place for people to read entertaining anecdotes about daily life and to find delicious, comforting recipes. Adarme and A Cozy Kitchen have been featured in Saveur, Self, The Pioneer Woman, Refinery29, Oh Joy, and Rachel Zoe's Zoe Report. She lives in Los Angeles with her boyfriend, Joshua, and her corgi, Amelia.

I have to say, I'm a sucker for "lifestyle" books like Kinfolk that have pretty pictures of completely unobtainable life scenarios, but because of how inaccessible the "lifestyle" they're showing tends to be, they usually end up collecting dust on my coffee table. THIS BOOK is so different. Not only are the photos, crafts and ideas beautifully shot (and equally as deserving of a front-and-center coffee table spot), but the author is one of the most honest, articulate and REAL people I've ever encountered in this kind of book. Rather than presenting recipes or crafts that would require a culinary degree or access to obscure ingredients someone like me would never know how to obtain,

she lays out easy to follow recipes with helpful hints about where to locate each ingredient or item. It's like your best friend is telling you how to make a delicious lemon doughnut or make a DIY candle (that actually looks cute and not DIY). In addition to all of the amazing recipes she's so well known for, Adrianna also acts as a totally down-to-earth life coach (again, in such a real, humble, human way), presenting the kinds of advice or ideas that actually make you think "I can totally do this!" I bought several of these books to give out as gifts for the holidays this year, and I'll probably end up buying even more. Save your money on Kinfolk and buy this book --- on that will probably end up full of greasy finger marks and paint stains because you'll actually use it! Another win for A Cozy Kitchen!

This book is fantastic! Adrianna is such an amazing blogger, and that absolutely translates to her book as well. The layout is organized by seasons, and has a year's worth of recipes, activities, and DIY projects. The photography is beautiful, and the book makes for a very nice addition to a coffee table. Thanks!

Super Cute book! The writing is very clever and witty. I also like the layout, starting in the winter and changing with the seasons. I find myself laughing with her little intros and stories before recipes and ideas. Great Job!

I bought this as a Christmas gift for my wife and she loves it. The book seems to be a nice quality. She thumbed through the book right away and felt very inspired.

This book is so cute and fun. Some of the reviews mentioned how costly some of these were to make, but I mean, you're going to feel that way about any craft book / recipe book. I didn't find anything in here unreasonable. I thought they were cute, cozy, fun ideas.

This book is fantastic for providing very simple ways to improve your day to day cozy quotient. As a busy mom, I don't have time to secure complicated ingredients or craft items. This book has elevated but truly simple recipes and activities that will provide a sense of a job well done. More importantly, I think, is the promotion of a sense of meaningful work or activities that follows logically from embracing the sorts of things the books contain. If nothing else, the pictures are pretty to look at.

The photography was very pretty, and I liked the style of the book. There just wasn't enough in the book that I thought I'd use to warrant me keeping it. I returned it.

This book is filled with the spirit of cozy, and a generosity of heart that makes you want to curl into its pages. The perfect gift. It's a genuinely beautiful extension of Adrianna's blog, which is a longtime favorite!
