Good book, a little short, but overall very informative. The illustrations were very helpful. I recommend this to all those who are serious about reducing their mid section and getting better looking abs. It worked for me.

when i ordered it, it arrived on time and has great ideas, i wont even need to go to the gym on my "no gym" days.

I already had one for myself so this was a gift. The product was in great condition so that worked out well. I would highly recommend this book to anyone, it's more than worth the money. The seller was prompt & as I said before the book was in great condition.
