Customer Reviews

As a former dance teacher that kept running out of fun ideas for small children this book was a life saver! I mostly just read the activity ideas but I loved that they were structured by topic. I can't wait to teach again now that I have this book.

An insightful guide packed with information on how to teach creative dance to children and adults of all ages. A must for any true dance teacher.

This is an essential book for teaching creative movement to children.

Great book -- great info -- great ideas

Lots of great information. A little more "text book style" than I expected.

This book has many different activities to do with kids of all ages. Book arrived in time.

It was the book I was looking for just in the new edition
