Age Range: 2 - 4 years

Grade Level: Preschool and up

Customer Reviews

My son is in love with this book. He is 18 months and thinks that whales and sea animals are interesting. The buttons have the animal sounds, most of them are pretty funny (whale, sea lion, walrus). He likes the buttons the best and turning the page, he seems less interested in the book content but I am hoping that will come with age.

Bought this as a birthday gift for a 5-year-old. She loves it and I love it. The sounds are loud enough and the pictures are vivid, a treat for a little kid's eye.

All the sounds are so similar. Not worth the money.

Grandkid (age 4) loves the pictures sounds and stories

My nephew loved it for his birthday! My sister-in-law has already had to get new batteries because he presses the buttons so much just to hear the animal noises.

My Grandson loves this book!

Fun for kids

My friends daughter absolutely loves this book. All the sounds are great.
