Shipping Weight: 9.9 ounces (View shipping rates and policies)

Average Customer Review: 4.3 out of 5 stars 37 customer reviews

Best Sellers Rank: #374,740 in Books (See Top 100 in Books) #173 in [Books > Travel > Asia > China > General](#) #254 in [Books > Travel > Reference > Phrasebooks](#) #1775 in [Books > Reference > English as a Second Language](#)

Customer Reviews

As someone who just needs a little "survival" French, this is the book I needed. I had bought a Berlitz French book over thirty years ago, and it served me well. I'm glad to see it still has many of the essential words and phrases I use. I'm not so sure that the audio is as useful as I had hoped, because I do not think some of the pronunciation of many of the words is correct...as they even conflict with the sounds specified in the book?

You must read along with the CD. I was hoping to listen to this in my car, but I have a hard time know what they are saying without reading along.

Bought for my elderly in-laws. Inexpensive tool for their trip. Especially useful is the included "cheat sheet" of useful phrases. CD also helps you practice frequently used phrases. My frugal father in-law practiced "Combien c'est ça coïte?"!!!!

great tutorial, I appreciate the CD because French is so difficult to pronounce well.

Berlitz does a great job with these phrase books. They are designed to be used by travellers, with quick access to short sections that deal with specific areas, e.g. ordering from a menu, banking, transportation. They give you useful phrases that would commonly be used in these settings, like "I want to buy a ticket to _____." "What time does the train leave?" The book lists the phrase side-by-side in English and in French, so if you don't want to risk trying to speak the phrase in French, you could point to the phrase, and a French-speaking person could read the phrase in their language. If you do not know the language, it would be worth the extra money to get the phrase book with the CD. The CD has about half of the phrases spoken by someone whose native tongue is French. I had four years of French in high school, but that was a long time ago. However, hearing the words again is building my courage to speak them on my upcoming trip to France. To top it off, Berlitz includes a limited English/French dictionary in the back of the phrase book. If you see a French word that you do not understand, you could look up its meaning.

Good speaking CD and accompanying book. Can recommend for a first time traveler to France.

This is the best French phrase book I've seen. In fact, I had to order a second copy so my husband and I could each have one. The book is nicely arranged in sections, for instance travel vocabulary, food, counting, money, etc. A nice handy little book. I keep mine in my purse to pull out when ever i want to review some French.

Arrived in fantastic condition. The book that comes inside is the perfect size to carry everywhere so its very helpful.
