Great guide

This book helped us navigate Costa Rica with no problems.

My wife bought this while we were in Costa Rica. I would say it is a good reference tool, but we enjoyed just asking locals and exploring on our own. Costa Rica was beautiful and we decided to get married while we were there! EricShirk.com

We used this for our 2012 trip to Costa Rica and it was an invaluable tool. We used it to find all the places we wanted to eat and were impressed with its accuracy, it saved us from a number of bad meals!

Was the first time I bought it and was a surprise, maps, description and all the information is very accurate. Costa Rica is changing all the time and you found new places not listed and difficult to find on internet, only traveling with a car.

I received the book in timely fashion as advertised. I used it as general reference. Stayed in San Jose and Escazu most of the ten days Looking forward to another trip.

Get a regular paperback instead of the Kindle version. This rule applies to any book which you would use for reference.
