Customer Reviews

Excellent text at an intermediate level. Introduces contemporary language needed for basic conversations about activities of everyday life. Gives some background on Russian culture and history.

This textbook is much more helpful than others of its type. It provides much more practical instruction relevant to a general audience, whereas so many other college textbooks are almost exclusively geared toward academic life.

The videos add a lot. Very helpful.

If you really intend to become fluent, this is a necessary text. Schaums Outline is great, but this gives so much profound nuance, in great concise form. Pity that I already bought the awful

'Troika.' Academia seems to dumb down teaching languages, so student must pay for more courses. Why else would academe push such trash, as Troika?

Adequate text for learning russian. Oddly structured at times

Love it!! Was exactly what I expected from the seller and was so cheap! Thank you! !

Love this book!!!!

The book got here fast and I love the bargain on renting it seeing as I will never use it after this class.
