## Synopsis

Whips. Chains. Punishments. These are my world now, ever since gorgeous billionaire Liam Rutherford pushed me into the back of his expensive black SUV, forcing me to live with him at his fancy penthouse apartment in New York City, holding me as collateral for my father's gambling debt. He claims I don't have to do anything I'm not comfortable with. But that's only because he's convinced he'll be able to break me down, to make me beg for his whips and chains, his rules and punishments -- and all the other twisted, filthy things he's into. His chiseled abs, his intoxicating smile, his tongue pushing past my lips, his nails digging into my back | they're making me lose my mind. I am a slave to his every desire, his every want, his every wicked whisper. The need for him rages inside of me, even as it makes the humiliation scorch my veins from the inside out. He says he's beyond saving. But I'm going to do my damnedest to try | Before he breaks me completely. I need you to know that I'm not going to hurt you. You already hurt me. I showed him my wrists, where the metal of the handcuffs had dug into my skin. He reached out and ran his fingers gently over the faint red marks. This is nothing, he murmured. I haven't even gotten started yet.

## Customer Reviews

I have never really been a tremendous fan of long serials. I honestly have a crap memory, and it is difficult for me to remember all of the details of the previous book/s. I find it hard to jump right back into a story, after much time and many books. Therefore, when I do read a long series of novella length books, I usually wait until they are all released. Hence, the cliffhangers don't bother me, there is no waiting, and more of a continuous flow, without the risk of confusion with other books. However, every once in a while, for whatever reason, I will read serials, as they are released. In this case, I wasn't aware His Property Book 1 was a serial, so that was a surprise. Lucky, I didn't have to wait long for Book 2. I have fallen in love with this story. There is a bit of darkness to it, and steamy off-the-charts sex. I have come to already enjoy Hannah Ford's way of storytelling, and her imaginative plots. I love both characters Emory and her "captor", Liam. I can't wait to learn more about them, and if they will end up together. I was so surprised at how quickly I immersed myself right back into the plot line of His Property. I am loving the first two books, and they combine for a great beginning to a very intriguing series. A five star entertaining quick read. A few typos, but nothing unforgivable. I need Book 3 STAT!!!!!! ( We were left at a pivotal plot point!!)

The book starts out with Emory who is in Liam's playroom but it is like no other. It's more a room for punishment and she gets to choose out of a bowl which punishment to receive. You need to read what happens there. Then one day she goes to the office with him and does school work and her friend Maddie comes busting through. She demands to take her home and Liam is debated whether that is best but Emory is hooked on him. Maddie agrees to let it go after they go out for coffee but then the cops get involved. After that day Liam decides to take her with her to his parents house in California. While on the flight there a few unexpected events which one of them turns naughty. There is a surprise ending as well

I really love the style of Hannah Ford's books but I don't understand why she just doesn't charge more for the book and provide the ending. His Property is a great story but I would have rather had the complete story. One other book of hers has 22 series and I believe the last one was released in 2016 so come on let's finish the stories. I tend to go to writers that give me the complete series. I gave it only 3 stars because of the fact that she leaves us hanging and by the time the next one comes out I have moved on and have lost interest. She is a great writer but enough is enough

Hannah Ford is a wonderful author. Emory and Liam are not your normal couple. He took her as

payment for money her father owed from gambling. He wanted her desperately the first time he saw her. Emery was a virgin, but Liam was so handsome and sexy, she couldn't help but be turned on by him. Even though her mind said what they did together was humiliating, her body and heart could not fight it. Has a cliff hanger that keeps you wanting more. Can't wait to read the next book in this series.

This story is becoming more intriguing as it goes on. The characters and story was written beautifully. Liam is one handsome strange dude and he has fallen in love I such a short time. I hope Emery can get to speak about his past. I will be waiting for the next book to see what happens. I recommend a very good read.

I,so love this story and can't wait for book,3 bit since the book,2 was so short I geek,like i missed something or got wrong book for 2.99 thought would have recd more is all still looking forward to,book 3 and have loved all her other books too. Thank,you

I am going to read book 3 because I have to know what happens, but these installments are expensive to be so brief. I would much rather pay more for a full length novel.

The suspense, the story line. Excellent reading material I just couldn't put it down. Can't wait to read more. Have fun reading.
