Does your heart skip a beat every time you think about the complexities of providing cardio care? Well, not anymore! Written in the award-winning Incredibly Easy! style, this completely updated Third Edition of Cardiovascular Care Made Incredibly Easy is the ideal reference for those entering or needing a refresher in cardiovascular nursing care. This one-of-a-kind book brings together the broad knowledge nurses need to be confident in cardiovascular care, including cardiovascular anatomy and physiology; assessment; diagnostic testing; hemodynamic monitoring; electrocardiogram performance and interpretation; medications; synchronized cardioversion; care of patients with IABP counterpulsation, ICDs, pacemakers, and VADs; and preoperative and postoperative care for patients with MIDCAB, CABG, and balloon angioplasty. If you are still learning, Cardiovascular Care Made Incredibly Easy will help you master complex subjects in minutes with special elements found throughout the text to make it easy to understand and remember key points and information, including:

- Clear, concise descriptions of every procedure and concept
- Tips from other cardiovascular nurses on how to perform care
- Key information about adapting your care to a home environment
- Memory aids and chapter quizzes to promote recall of important information

Written by nurses and for nurses, Cardiovascular Care Made Incredibly Easy, 3rd edition, will help you conquer the toughest-to-learn topics in nursing

Customer Reviews

This book is very thorough, and covers everything from anatomy and physiology, to rhythm strips, as well as tests and treatments. Very much worth it.

Yep pretty handy

Very easy and helpful... easy to understand...

best money spent on nursing books, made cardiovascular care so much easier to understand!!!!

The book broke down cardio to where I could understand it better I would recommend this book

So far, very informative and easy to read book! I would recommend!

Excellent breakdown of various imaging tests

This book was helpful to refresh me on the basics of cardio and understand beyond that for my RN class.
