Stickerbomb Skateboard: 150 Classic Skateboard Stickers

Synopsis

Skateboard stickers have always been highly collectable, and this will be the first book to bring together some of the most popular stickers, both classic and new. At a time when skateboarding has already established itself in the mainstream, and is now coming back into the 'cool', the book will have massive appeal, combining a nostalgic 'revival' element appealing to the older generation of skaters, while also having a big appeal to current younger skateboard enthusiasts. The book will also have global appeal due to the widespread popularity of skateboarding culture. The book will feature stickers from the following brands: Alien Workshop, REAL, Toy Machine, Girl, and Santa Cruz. Approximately 30 stickers will be included from each brand.

My nephew is going through teenage angst, and you can only grab his attention when it's cool skateboard stuff, and this hit the mark. This is what winning feels like.

This was a gift for a preteen. While some stickers may be inappropriate, most are completely fine. It's fun for the recipient to read about these skate companies and their stickers. The stickers included are the good kind that would cost a few bucks a pop. That was a pleasant surprise. I was worried it would be full of the less cool off brand type stickers. There are many of the larger stickers that the teens always want. I would buy another volume in a heartbeat.

Great selection, and a whole lot of nostalgia. But the stickers are fairly cheap and paperish. They won't stand up to any sort of light scratching or even a dash of humidity.

Good book. Awesome stickers from 90's era skateboards. The stickers are paper-backed, not really high quality screen printed ones, but good enough for indoor use.

Awesome stickers! Look great on my tool box. Stickers aren't meant for outdoors but perfect for indoor use.

Fabulous! Whole family loved it! We ordered the second one same day first one arrived.

All the great stickers I used to have on my skateboard!

Best value by far for true skateboard stickers don't be fooled by other sellers claiming skateboard stickers read the reviews you get random cheap crap but with this book you get actual skate stickers a must buy !!!
